Notice of Determination

MDR TRACKING NUMBER: M2-06-1812-01
RE: Independent review for ___

The independent review for the patient named above has been completed.

- Parker Healthcare Management received notification of independent review on 8.10.06.
- Faxed request for provider records made on 8.10.06.
- The case was assigned to a reviewer on 8.24.06.
- The reviewer rendered a determination on 9.5.06.
- The Notice of Determination was sent on 9.5.06.

The findings of the independent review are as follows:

Questions for Review

Medical necessity of proposed radiofrequency denervation of bilateral sacroiliac joints

Determination

PHMO, Inc. has performed an independent review of the proposed care to determine if the adverse determination was appropriate. After review of all medical records received from both parties involved, the PHMO, Inc. physician reviewer has determined to **overturn the denial** on the requested service(s).

Summary of Clinical History

Mr. ___ sustained a work related on the job injury on ___, while employed with ´ .

Clinical Rationale

The literature is equivocal regarding the long-term benefit from these SI injections or neurotomies. However, as reported by Dr. A. Lall, Mr. ___ had several weeks benefit with the SI injections. His symptoms had recurred. Repeat SI injections were proposed and completed with noted clinical benefit again reported. The proposal for radiofrequency denervation of the bilateral SI joints is approved as a medical necessity given the reported benefit with the prior diagnostic and therapeutic injections.
