**Official Order  
of the  
Texas Commissioner of Insurance**

**Date: 12/29/2021**

**Subject considered:**

Assessment of Rates for Maintenance Taxes and Fees

**General remarks and official action taken:**

The subject of this order is the assessment of rates for maintenance taxes and fees to generate revenue for the operating account of the Texas Department of Insurance (TDI). The following Insurance Code, Labor Code, and Administrative Code provisions provide for adjusting the rates for maintenance taxes and fees each calendar year:

Insurance Code §§ 201.001(a)(1), (b), and (c); 201.052(a), (d), and (e); 251.001; 252.001–252.003; 253.001–253.003; 254.001–254.003; 255.001–255.003; 257.001–257.003; 258.002–258.004; 259.002–259.004; 271.002–271.006; and 964.068;

Labor Code §§ 403.002, 403.003, 403.005, 405.003(a)–(c), 407.103, 407.104(b), 407A.301, and 407A.302; and

28 Texas Administrative Code (TAC) § 1.414.

TDI adopted amendments to 28 TAC § 1.414 on December 9, 2020, providing for the Commissioner to set rates for maintenance taxes and fees by order annually. TDI held a stakeholder meeting to discuss this year's proposed rates on November 17, 2021.

**Methodology**

TDI's maintenance tax revenue need is calculated as the amount of revenue needed to reach the targeted year-end fund balance, taking into account the beginning balance, expected non-maintenance tax revenues, and estimated expenditures. For each line of insurance, the rate is calculated by dividing the revenue need by the estimated premium volume or assessment base. If the calculated rate is above the statutory rate, the rate is set at the
