INTRODUCTION. The commissioner of insurance adopts amendments to 28 TAC §§34.514, 34.613, 34.713, and 34.811, concerning rules for fire extinguishers, fire alarms, fire sprinklers and the storage and sale of fireworks. These amendments are necessary to implement the department's updated fingerprinting process. The amendments add language that states that for a natural person to be eligible to register for specific licenses and permits, the natural person must start the application or registration process by submitting a formal request for a fingerprint service code by completing the fingerprinting process information required on the department's website. The sections are adopted with nonsubstantive changes to the proposed text published in the January 6, 2023, issue of the *Texas Register* (48 TexReg 26).

REASONED JUSTIFICATION. The amendments are necessary to update the fingerprinting process procedure. The new procedure restricts access to the Texas Department of Public Safety (DPS) fingerprint service code on the website of the Texas Department of Insurance (TDI). Previously, the DPS fingerprint service code could be accessed by anyone who visited TDI's website. The DPS fingerprint service code is now available only to those who request a fingerprint service code through TDI's new online

portal. TDI updated the fingerprinting process procedure at the request of DPS. Descriptions of the amended sections follow, organized by subchapter.

SUBCHAPTER E. FIRE EXTINGUISHER RULES.

Section 34.514. Applications. Amended §34.514 adds language that states that for a natural person to be eligible for a Type A, K, or PL license, the natural person must start the application or registration process by submitting a formal request for a fingerprint service code by completing the fingerprinting process information required on the department's website at www.tdi.texas.gov/fire/fingerprinting-process.html. Amended §34.514 also adds similar language for an apprentice permit: the natural person must start the application or registration process by submitting a formal request for a fingerprint service code by completing the fingerprinting process information required on the department's website. In addition, an amendment to subsection (b)(2) corrects a citation to §34.511, and amended §34.514 updates statutory citations to insert titles of referenced provisions.

SUBCHAPTER F. FIRE ALARM RULES.

Section 34.613. Applications. Amended §34.613 adds language that states that for a natural person to be eligible for any fire alarm license, the natural person must start the application or registration process by submitting a formal request for a fingerprint service code by completing the fingerprinting process information required on the department's website at www.tdi.texas.gov/fire/fingerprinting-process.html. Amended §34.613 also deletes an unnecessary use of the word "the" and changes "25 percent" to "25%" for consistency with current agency style, and it updates a statutory citation to insert the title of the referenced provision. Amended §34.613 also replaces "the Fire Alarm

Rules" with "this subchapter" for consistency with the current agency style for referencing rules.

The text of subsection (a)(7) as proposed is not adopted. Proposed subsection (a)(7) states "Commissioner," but the updated style guide mandates the usage of "commissioner." Given this update, adopted subsection (a)(7) will replace "Commissioner" with "commissioner."

SUBCHAPTER G. FIRE SPRINKLER RULES.

Section 34.713. Applications. Amended §34.713 adds language that states that for a natural person to be eligible for a responsible managing employee license, the natural person must start the application or registration process by submitting a formal request for a fingerprint service code by completing the fingerprinting process information required on the department's website at www.tdi.texas.gov/fire/fingerprinting-process.html. Amended §34.713 also changes "70 percent" to "70%" for consistency with current agency style, and it updates statutory citations to follow current agency style.

The text of subsection (a)(7)(A) as proposed is not adopted. Proposed subsection (a)(7)(A) states "state fire marshal's office," but the style guide mandates the usage of "State Fire Marshal's Office." Given the style guide's instruction, adopted subsection (a)(7)(A) will replace "state fire marshal's office" with "State Fire Marshal's Office."

Additionally, the text of subsection (a)(7)(B) as proposed is not adopted. Proposed subsection (a)(7)(B) states "State Fire Marshall's Office," which misspells "Marshal." Given the misspelling, adopted subsection (a)(7)(B) will replace "State Fire Marshall's Office" with "State Fire Marshal's Office."

SUBCHAPTER H. STORAGE AND SALE OF FIREWORKS.

Section 34.811. Requirements, Pyrotechnic Operator License, Pyrotechnic Special Effects Operator License, and Flame Effects Operator License. Amended §34.811 adds language stating that for a natural person to be eligible for a pyrotechnic operator license, pyrotechnic special effects operator license, or flame effects operator license, the natural person must start the application process by submitting a formal request for a fingerprint service code by completing the fingerprinting process information required on the department's website at www.tdi.texas.gov/fire/fingerprinting-process.html. Amended §34.811 also changes "70 percent" to "70%" and "twelve-month" to "12-month" for consistency with current agency style.

Additionally, the text of subsection (g)(1) as proposed is not adopted. Proposed subsection (g) states that "a pyrotechnic operator license will not be issued to any person who fails to meet the requirements of subsection (a) of this section and the following: (1) assisted in conducting at least five permitted or licensed public displays in Texas under the direct supervision of and verified in writing by a pyrotechnic operator licensed in Texas; (2) be at least 21 years of age." Adopted subsection (g)(1) will add an "and" after "licensed in Texas" to provide additional clarification that the conditions listed in subsections (g)(1) and (g)(2) are both required. Therefore, adopted subsection (g)(1) will state "assisted in conducting at least five permitted or licensed public displays in Texas under the direct supervision of and verified in writing by a pyrotechnic operator licensed in Texas; and."

SUMMARY OF COMMENTS. TDI did not receive any comments on the proposed amendments.

(3) For corporations, the application must also include the corporate taxpayer identification number, the charter number, and a copy of the corporation's current franchise tax certificate from the State Comptroller's Office showing it is in active status.

(4) Applications for Type C certificates must be accompanied by a copy of the U.S. DOT letter registering the applicant's facility and that issues a registration number to the facility.

(5) The applicant must comply with the following requirements concerning liability insurance.

(A) The state fire marshal will not issue a certificate of registration under this subchapter unless the applicant files a proof of liability insurance with the State

Fire Marshal's Office. The insurance must include products and completed operations coverage.

(C) Evidence of public liability insurance, as required by Insurance Code §6001.154, concerning Required Insurance Coverage for Registration Certificate, must be in the form of a certificate of insurance executed by an insurer authorized to do business in this state.

(D) If a certificate of registration is to be issued in the name of a corporation, the corporate name must be used on the applicable insurance forms. Example: XYZ Corporation, dba XXX Extinguisher Service.

(E) Insurance issued for a partnership must be issued to the name of the partnership or to the names of all the individual partners.

(F) Insurance for a proprietorship must be issued to the individual owner. If an assumed name is used, the insurance must be issued to the individual doing business as "dba" followed by the assumed name. Example: William Jones, dba XXX Extinguisher Service.

(B) If the individual is an agent of the fire extinguisher firm, the State Fire Marshal's Office may request that the firm provide a letter or other document acceptable to the State Fire Marshal's Office, issued by the firm's insurance company, verifying the policy number and that the acts of the individual are covered by the same

insurance policy required by this subchapter to obtain the firm's registration. If required, the verifying document must be submitted to the State Fire Marshal's Office before a license will be issued or when there is a change in the licensee's registered firm. Unless otherwise required by the State Fire Marshal's Office, renewal of a license does not require insurance verification unless there has been a change in the insurance carrier.

If an applicant fails to respond and correct all deficiencies in a renewal application within the 30-day period, a late fee may be charged.
