Consent Order
DWC Enforcement File No. 32291

General remarks and official action taken:

This is a consent order with the City of Denton (Respondent). The commissioner of the Texas Department of Insurance, Division of Workers' Compensation (DWC) considers whether DWC should take disciplinary action against Respondent.

Waiver

Respondent acknowledges that the Texas Labor Code and other applicable laws provide certain rights. Respondent waives all of these rights, and any other procedural rights that apply, in consideration of the entry of this consent order.

Findings of Fact

1. Respondent is a self-insured government entity that provides workers' compensation benefits to its employees in accordance with Tex. Lab. Code Ch. 504.
2. Respondent was not selected to be tiered in any years' Performance Based Oversight (PBO) assessments.

g.					696
h.					685
i.					685
j.					685

4. The total amount of the bills received by Respondent was [REDACTED]
5. Respondent paid [REDACTED] for all dates of service after review.

Assessment of Sanction

1. Prompt payment of medical bills is imperative to DWC's goal of ensuring that injured employees have access to prompt, high-quality medical care. Failure to promptly pay medical bills harms medical providers economically, increases disputes and exhausts administrative resources in the workers' compensation system.
2. In assessing the sanction for this case, DWC fully considered the following factors in Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e):
 - the seriousness of the violation, including the nature, circumstances, consequences, extent, and gravity of the prohibited act;
 - the history and extent of previous administrative violations;
 - the violator's demonstration of good faith, including actions it took to rectify the consequences of the prohibited act;
 - the penalty necessary to deter future violations;
 - whether the administrative violation had a negative impact on the delivery of benefits to an injured employee;

 Labor Code §§402.083 and 402.092

- the history of compliance with electronic data interchange requirements;
 - to the extent reasonable, the economic benefit resulting from the prohibited act; and
 - other matters that justice may require, including, but not limited to:
 - PBO assessments;
 - prompt and earnest actions to prevent future violations;
 - self-report of the violation;
 - the size of the company or practice;
 - the effect of a sanction on the availability of health care; and
 - evidence of heightened awareness of the legal duty to comply with the Texas Workers' Compensation Act and DWC rules.
3. DWC found the following factors in Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e) to be aggravating: the seriousness of the violation, including the nature, circumstances, consequences, extent, and gravity of the prohibited act; the history and extent of previous administrative violations; the penalty necessary to deter future violations; and the history of compliance with electronic data interchange requirements. Specifically, Respondent has a prior warning letter for violations involving medical bills, and Respondent partially paid bills more than one year after receiving the 10 bills at issue.
4. DWC found the following mitigating factors pursuant to Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e): Respondent's prompt and earnest actions to prevent future violations, and Respondent's status as a self-insured governmental entity.
5. Respondent acknowledges communicating with DWC about the relevant statute and rule violations alleged; that the facts establish that the administrative violation(s) occurred; and that the proposed sanction is appropriate, including the factors DWC considered under Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e).
6. Respondent acknowledges that, in assessing the sanction, DWC considered the factors in Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e).

3. 4. Pursuant to Tex. Lab. Code § 415.021, the commissioner may assess an administrative penalty against a person who commits an administrative violation.
5. Pursuant to Tex. Lab. Code § 415.002(a)(20), an insurance carrier or its representative commits an administrative violation each time it violates a DWC rule.

8. Respondent violated Tex. Lab. Code §§ 408.027; 415.002(a)(20) and (22); and 28 Tex. Admin. Code § 133.240 each time Respondent failed to pay, reduce, deny, or determine to audit a completed medical bill within 45 days of receiving the bill.
