Coverage & Eligibility

TWIA continues to operate under its present charter, providing wind and hail coverage to the catastrophe-designated areas of Texas.

For information about writing homeowners coverage through the Texas FAIR Plan Association (TFPA), visit the [TFPA website](#).

TWIA policies do not cover damage from flood / storm surge (see TWIA's policy exclusions for a full definition). For information about flood coverage, visit the [National Flood Insurance Program \(NFIP\) Website](#).

Agents submitting applications on insurable property must comply with declination of coverage requirements. In addition, the property may require flood insurance. [View these requirements in the Texas Administrative Code](#).

Territory ▶

TWIA's territory includes the following 14 counties along the Texas Gulf Coast and part of Harris County:

Evidence of Declination Requirements Screen

46 Evidence of Declination ([Return to Qualification](#))

Agents are required to obtain proof of a declination for wind and hail property coverage from a standard market carrier, excluding surplus lines insurers, authorized to write wind and hail coverage in the first tier coastal counties.

By the act of submitting an application for property coverage to TWIA, an agent, acting on behalf of the applicant, is acknowledging possession of the required declination, and intent of maintaining that record. This evidence of a prior declination must be made available to TWIA if specifically requested.

NOTE: The declination may be either:

- * a refusal to offer new or renewal wind and hail coverage on the structure, or
- * a refusal to offer basic insurance sought by the applicant that is substantially equivalent to that offered by TWIA.

For example, the lowest deductible offered by a standard market company is greater than that which can be obtained from TWIA. See TWIA Declination Worksheet for criteria.

Flood Insurance Requirement Screen

47 Flood Insurance Requirement ([Return to Qualification](#))

By the act of submitting an application for property coverage with TWIA, the insured's agent, acting on behalf of the applicant, acknowledges possession of the required evidence of a companion flood insurance policy that provides coverage concurrent with the term of the TWIA policy, and the intent to maintain that record. Flood coverage is required for structures constructed, altered, remodeled, or enlarged on or after September 1, 2009 that are located in flood zones V, VE, and V1-V30.

This requirement applies only if insurance is available from the NFIP for the property location to be insured by TWIA. The flood insurance requirement does not extend to structures being repaired. The flood insurance policy must remain in effect for the duration of the TWIA policy term.

The evidence of a companion flood insurance policy must be made available to TWIA, if specifically requested.

NOTE: TWIA STRONGLY RECOMMENDS THAT AGENTS SOLICIT FLOOD COVERAGE IN ALL FLOOD ZONES.
