Property and Casualty Annual Statement (Statutory Page 14) For the 2019 Calendar Year

Executive Summary

This report provides Texas premiums, losses, and certain expenses for each stock, mutual, county mutual, Lloyds plan, reciprocal, and risk retention insurance company licensed to write property, casualty, or title insurance in the state. The report provides this premium, loss, and expense data for the calendar year ending December 31, 2019, on a direct basis before any reinsurance. TDI takes this information from the Exhibit of Premiums and Losses (commonly called "Page 14" or "Statutory Page 14") for Texas contained in insurers' annual financial statements obtained from the National Association of Insurance Commissioners' (NAIC) financial statement database.

The report shows the data by company, by company type (stock, mutual, county mutual, Lloyds plan, reciprocal, and risk retention), and for all companies combined for each of 46 different types of property and casualty insurance. Different types of insurance include homeowners insurance, private passenger automobile insurance, medical malpractice insurance, commercial liability insurance, workers' compensation insurance, and other types of personal and commercial property and liability insurance.

This data can be used to develop information about the property and casualty insurance market, including market shares, loss ratios, and other statistics. However, the data in this report is not appropriate for measuring the adequacy or inadequacy of the rates for a company or type of insurance.

Why did we do this report?

TDI compiles and publishes this information annually as a reference document for TDI staff and management, other state agencies, policymakers, and the public.

Losses reported on Statutory Page 14 exclude all loss adjustment expenses.
5. Dividends reported represent premium dollars returned or credited to the policyholders during the calendar year ending December 31, 2019.
6. The data in this report is not appropriate for measuring the adequacy or inadequacy of the rates for a company or line of insurance.
7. Data in this report was obtained from the NAIC database in March 2020. In a few cases, company data may have been amended but not updated in this report. If a company submitted amended data to the NAIC after March 2020, it will not be reflected in this report.
