MEMORANDUM

DATE:

TO:

Marilyn Hamilton, Texas Department of Insurance

FROM:

RE:

TWIA Commercial Policy Amendatory Endorsement No. 801 Filing

(Adding Storm Doors to Property Not Covered)

In accordance with Texas Administrative Code 5.4911 and 5.9320, TWIA is submitting a new Amendatory Endorsement (No. 801) to its Commercial Policy for Commissioner approval. This memorandum is submitted pursuant to Texas Administrative Code 5.9320(c)(1)(B)(iii). A separate concurrent filing proposes a parallel change to TWIA's Dwelling Policy.

This new endorsement form is being proposed based on the following:

- 1. Properties that may otherwise qualify to obtain insurance from TWIA may not be eligible when a storm door that cannot be certified through the Windstorm Inspection Program has been installed.
- 2. In acknowledgement of this issue and the related concerns expressed by numerous Texas legislators, we understand the Texas Department of Insurance is in the process of adopting a rule to include storm doors on the list of items not requiring an inspection under 28 TAC 5.4605. In the meantime, to address this eligibility issue, and in response to the Commissioner's request, TWIA has drafted an Amendatory Endorsement (No. 801) to add: '1. Storm doors', under Section 1 of PROPERTY NOT COVERED in the COVERAGES section of the Commercial Policy.
- 3. The effect of this endorsement on coverage will be to exclude storm doors unless such items are specifically listed on the Declarations page of an individual Commercial Policy. This will remove uncertified storm doors as a barrier to eligibility for coverage from TWIA. Additionally, as there is no coverage currently available for these items due to the inability to certify them, excluding storm doors from coverage has no impact on rates.

If approved, TWIA requests the endorsement be effective March 1, 2016 for new business, and May 2, 2016 for renewals. TWIA intends to include this endorsement with all Commercial Policies issued or renewed until such time as rules are adopted that render it unnecessary.

Thank you.

August 28, 2015

Texas Department of Insurance Personal and Commercial Lines Office Attn: Mr. Sam Nelson P.O. Box 149104 Austin, Texas 78714

Dear Mr. Nelson:

Thank you for the work you do for the Texas Department of Insurance (TDI) and for the people of Texas. We understand that TDI will begin working on rules in September to adopt a new building code, and that you intend to include Rule §5.4605 Items Not Requiring an Inspection for the Purposes of Windstorm and Hail Insurance Coverage through the Texas Windstorm Insurance Association (28 TAC) in this rulemaking. With that in mind, we would like to share an important issue that needs to be addressed.

We have been made aware of a frustrating problem for constituents who have TWIA residential coverage and need to replace the storm door, the glass door installed in front of a home's entry door, on their home. As storm doors are considered "retrofit" items in statute, these homes can become ineligible for TWIA coverage unless the replacement door is certified. However, it is our understanding that neither TDI nor TWIA are aware of a single certified storm door supplier in the entire nation.

This oversight should be addressed immediately. We understand that TDI has been searching to no avail for certified storm door suppliers this year. To remedy the situation where a policyholder needs to replace a storm door to maintain the safety of his or her home, yet runs the risk of losing TWIA coverage, we encourage TDI to no longer require storm doors to be a component of the residential inspection for the purposes of TWIA coverage. We urge you to include storm doors on the list of items not requiring an inspection, Rule §5.4605 Items Not Requiring an Inspection for the Purposes of Windstorm and Hail Insurance Coverage through the Texas Windstorm Insurance Association (28 TAC).

Thank you for your time and consideration of this request.

The Honorable Ed Thompson Texas House of Representatives P.O. Box 2910 Capitol Building Austin, Texas 78768

Dear Representative Thompson and Honorable Members of the Texas Senate and House of Representatives:

Thank you for your August 28, 2015, letter regarding storm doors and eligibility for coverage in the Texas Windstorm Insurance Association (TWIA). We are aware of this issue and are drafting a rule to rectify this situation. In the interim, by copy of this letter, I am asking TWIA to consider excluding coverage of the storm door only. This would allow a home to obtain insurance from TWIA if the property otherwise qualifies for coverage.

Please do not hesitate to contact Melissa Hamilton, TDI's Director of Government Relations, at (512) 676-6602, should you have any questions.

Sincerely,

David C. Mattax
