6. On [REDACTED], Respondent initiated TIBs in the amount of \$ [REDACTED], which was 41 days late.

**Assessment of Sanction**

1. Failure to provide income benefits in a timely and cost-effective manner is harmful to injured employees and the Texas workers' compensation system.
2. In assessing the sanction for this case, DWC fully considered the following factors in Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e):
  - the seriousness of the violation, including the nature, circumstances, consequences, extent, and gravity of the prohibited act;
  - the history and extent of previous administrative violations;
  - the violator's demonstration of good faith, including actions it took to rectify the consequences of the prohibited act;
  - the penalty necessary to deter future violations;
  - whether the administrative violation had a negative impact on the delivery of benefits to an injured employee;
  - the history of compliance with electronic data interchange requirements;
  - to the extent reasonable, the economic benefit resulting from the prohibited act; and
  - other matters that justice may require, including, but not limited to:
    - PBO assessments;
    - prompt and earnest actions to prevent future violations;
    - self-report of the violation;
    - the size of the company or practice;

- the effect of a sanction on the availability of health care; and
  - evidence of heightened awareness of the legal duty to comply with the Texas Workers' Compensation Act and DWC rules.
3. DWC found the following factors in Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e) to be aggravating: the seriousness of the violation, including the nature, circumstances, consequences, extent, and gravity of the prohibited act; the penalty necessary to deter future violations; and whether the administrative violation had a negative impact on the delivery of benefits to an injured employee.
  4. DWC found the following factors in Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e) to be mitigating: Respondent's prompt and earnest actions to prevent future violations of this type and Respondent's lack of a history of previous administrative violations. Specifically, Respondent has implemented an internal process meant to improve its acquisition of accurate post-injury earnings.
  5. Respondent acknowledges communicating with DWC about the relevant statute and rule violations alleged; that the facts establish that the administrative violation(s) occurred; and that the proposed sanction is appropriate, including the factors DWC considered under Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e).
  6. Respondent acknowledges that, in assessing the sanction, DWC considered the factors in Tex. Lab. Code § 415.021(c) and 28 Tex. Admin. Code § 180.26(e).
