

**Texas Department of Insurance
Division of Workers' Compensation
Return to Work Reimbursement Program for Employers**

Do you have an employee who has a compensable injury?

Will workplace modifications, special equipment, tools, furniture or devices, or other solutions help bring your injured employee back to work in a modified or alternate duty capacity?

As a small employer, you may be eligible for reimbursement up to \$5,000 for special equipment, furniture, and other workplace alterations that enable an injured employee to return to work.

You can submit your plans for approval to us before you spend the money.

If so, you should apply. Here is how:

Step 1 - You are eligible if:

- Your company employed at least two and not more than 50 employees each business day during the preceding calendar year.
- Your company has workers' compensation insurance in Texas.

Step 2 - To submit an application:

- Visit <http://www.tdi.texas.gov/forms/form20numeric.html#dwc008> for an application form.
- Call (512) 804-5000 for more information about this program.

Approved reimbursements are subject to availability of funds.

Release of funds are contingent upon approval of the Texas Comptroller of Public Accounts (Comptroller). Approval of an application by the Division of Workers' Compensation is not a guarantee of funds from the Comptroller. For more information about the Comptroller's payment services, see the payments on hold policy at <https://fmx.cpa.texas.gov/fmx/payment/resources/payments.php>.

Agencies of the State of Texas and political subdivisions of the State are not eligible to participate in the program.
