## Overview

The Windstorm System is an easy and convenient option to find a windstorm inspector, apply for a certificate of compliance, find and print your certificate, and engineers can become an inspector.

- Find an inspector: Search a list of all currently appointed engineers, view contact information, sort by inspectors in your area, or type of inspection.
- Apply for a certificate: Complete and submit your application (WPI-1) online. For information required to complete your application, [please see our checklist](#).
- Find your Certificate: Search by your application ID, certificate ID, or address and print your certificate.
- Become an Inspector: Complete the necessary application forms for appointment. For more information required to complete your application, [please see our checklist](#).

## Finding the System

1. Go to the TDI Windstorm Inspections Page Website at [www.tdi.texas.gov/wind](http://www.tdi.texas.gov/wind)
2. Click “Windstorm System” in Topics A-Z or in the Windstorm Inspections Menu.

## Common Features

1. Most lists have search bars will generate options as you type. Use this feature to narrow or sort lists.

The screenshot shows a table titled 'Appointed Qualified Inspector List'. It has a search bar at the top right and pagination controls. The table contains the following data:

Name	Company	Counties	City State Phone	Inspection Type	Post-Construction Inspection Type
ASHRAF HAFEZ			Corpus Christi TX (361) 852-4033		
DOUG KLOPFENSTEIN					
JENNIFER DOYLE			Austin TX (512) 571-3530		
JENNIFER SCHEFFLER			Corpus Christi TX (361) 883-1984		
JOHN FESKENS			(503) 589-1727		
STANLEY FEES			Kingsville TX		
TERRENCE WOLFE			Humble TX (281) 540-8603		
WILLIAM COFFEY			(214) 760-7000		

Showing 1 to 8 of 8 entries (filtered from 292 total entries)

2. All screens have a “Summary” located in the blue bar on the top, right side of the screen to view data that you’ve entered on the previous screens.

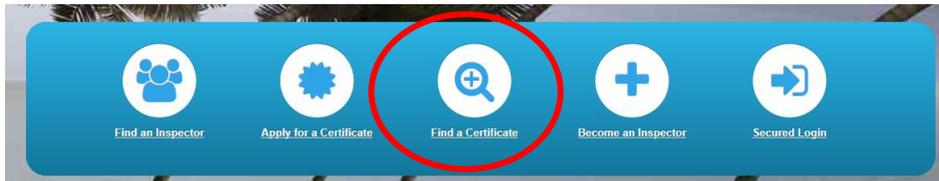

## Recreating an Application for Similar Entry

1. To enter multiple applications with similar information, for example: several new houses in a housing development and just need to change the address, on the summary page of the first certificate, click “Reload current application as a new application” and submit application.

2. On the confirmation page, click “Apply for a Certificate,” and the system will bring you back to the final summary page of a new application.

3. Use the page tabs to go back and change any information.

## Find a Certificate of Compliance

1. From the Windstorm System, click “Find a Certificate.”
2. Search by application or certificate ID.  
*Note: Data entered into the new system have the same certificate numbers and application IDs. Legacy data will maintain separate certificate numbers and application IDs.*
3. Search by address
  - a. You must enter at least two numbers in the street number field.
  - b. You must enter at least three characters in the street name field.
  - c. You must enter one of either the city, ZIP Code, or county.
4. Click the address or application ID.
