

APPEAL NO. 020807
FILED MAY 16, 2002

This appeal arises pursuant to the Texas Workers' Compensation Act, TEX. LAB. CODE ANN. § 401.001 *et seq.* (1989 Act). A contested case hearing was held on March 7, 2002. The appellant (claimant) appeals the hearing officer's determination that the compensable injury of _____, does not include the claimant's diagnosed depression and ganglion cyst. The respondent (carrier) responds, urging affirmance.

DECISION

We affirm.

The claimant appeals the hearing officer's adverse determination regarding extent of injury on sufficiency of the evidence grounds. The matters the claimant complained of in her brief all concern credibility and fact issues, which were for the hearing officer to consider. We have reviewed the complained-of determination and we conclude that it is not so against the great weight and preponderance of the evidence as to be clearly wrong or manifestly unjust. Cain v. Bain, 709 S.W.2d 175, 176 (Tex. 1986).

We affirm the decision and order of the hearing officer.
