

APPEAL NO. 021457  
FILED AUGUST 22, 2002

This appeal arises pursuant to the Texas Workers' Compensation Act, TEX. LAB. CODE ANN. § 401.001 *et seq.* (1989 Act). A contested case hearing (CCH) was held on June 12, 2002. The hearing officer determined that the respondent's (claimant) \_\_\_\_\_, compensable injury includes the cervical spine and radiculopathy, and that the claimant had disability from the injury beginning November 29, 2001, and continuing through the CCH. The appellant (carrier) appeals those determinations and the claimant files a response urging affirmance. The determinations that the injury does not extend to and include the shoulders, thoracic spine, syringomyelia, syringobulbia, chondrosternal joint sprain and the ulnar nerve have not been appealed.

DECISION

Affirmed.

The hearing officer is the sole judge of the weight and credibility of the evidence. Section 410.165(a). The hearing officer reviewed the record and resolved what facts were established. We conclude that the hearing officer's determinations are sufficiently supported by the record and are not so against the great weight and preponderance of the evidence as to be clearly wrong or manifestly unjust. Cain v. Bain, 709 S.W.2d 175, 176 (Tex. 1986).

We affirm the hearing officer's decision and order.
