

APPEAL NO. 022028
FILED SEPTEMBER 23, 2002

This appeal arises pursuant to the Texas Workers' Compensation Act, TEX. LAB. CODE ANN. § 401.001 *et seq.* (1989 Act). A contested case hearing was held on May 13, 2002, with the record closing on July 15, 2002. The hearing officer determined that (1) the compensable injury of _____, includes necrotizing fasciitis, renal failure, groin streptococcus, cardiac arrest, rhabdomyolysis, right thigh cellulites, right foot drop, acute tubular necrosis, and acute respiratory distress syndrome; and (2) the respondent (claimant) had disability from August 15, 2001, continuing through the date of the hearing. The appellant (carrier) appeals the determinations on sufficiency grounds. The claimant urges affirmance.

DECISION

We affirm.

We have reviewed the complained-of determinations and conclude that the issues involved fact questions for the hearing officer. The hearing officer reviewed the record and decided what facts were established. We conclude that the hearing officer's determinations are not so against the great weight and preponderance of the evidence as to be clearly wrong or manifestly unjust. Cain v. Bain, 709 S.W.2d 175, 176 (Tex. 1986).

We affirm the hearing officer's decision and order.
