2011/2012 Filing Smart

To Our Customers:

In our continuing efforts to provide you with quality customer service, we are pleased to announce the 20th year of *Filing Smart*, which consists of links to *Financial Regulation Division Filings and Data Services Filings for Insurers and Other Insurance Entities Doing Business in Texas*.

Filing Smart is only available via the Internet. Select the link to your type of entity ([Life](#), [P&C](#), etc.) by going to our Home Page using this link, <http://www.tdi.texas.gov/financial/indexsmart.html>, and then make your selection. You will also find a variety of information ranging from documents to be filed with the [Comptroller's office](#), to TDI's [Holding Company filings](#), [Company License & Registration](#) information, and the [NAIC Checklists](#).

Filing Smart was developed to assist you in submitting information to the Financial Regulation Division and Data Services. Categorized by company type, *Filing Smart* provides through links, what, when, and where to file; applicable reports and any associated fees; the amount of any applicable fees; and who to call if you have questions.

In an effort to improve customer service, we are now accepting electronic filings of Policyholder Dividend Disbursement Applications. Make sure your applications have the customary signatures, then send your application via email to kristine.ehrlich@tdi.state.tx.us. You will receive an acknowledgment upon receipt of your email. Please allow approximately thirty (30) days after date of receipt to process your application.

We have appreciated your suggestions in the past, and continue to welcome your suggestions to help us improve the usefulness of *Filing Smart* information. Please direct your comments and suggestions to:
