MEDICAL FEE DISPUTE RESOLUTION FINDINGS AND DECISION

GENERAL INFORMATION

Requestor Name

VISTA MEDICAL CENTER HOSPITAL

Respondent Name

TASB RISK MGMT FUND

MFDR Tracking Number

M4-04-6423-02

Carrier's Austin Representative

Box Number 47

MFDR Date Received

FEBRUARY 11, 2004

REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "Vista Medical Center Hospital charges the above-referenced services at a fair and reasonable rate. Specifically, these rates are based upon a comparison of charges to other Carriers and the amount of reimbursement received for these same or similar services. The amount of reimbursement deemed to be fair and reasonable by Vista Medical Center Hospital is at a minimum of 70% of billed charges. This is supported by the Focus managed care contract."

Amount in Dispute: \$12,191.40

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "It is the Carrier's position that a) the requestor failed to produce any credible evidence that its billing for the disputed procedures is fair and reasonable; b) the requestor failed to prove its usual and customary fees for the service in dispute is fair and reasonable are consistent with Section 413.011(b); c) the Carrier's payment is consistent with fair and reasonable criteria established in Section 413.011(b) of the Texas Labor Code; and d) Medicare fair and reasonable reimbursement for similar or same services is below the Carrier's. Consequently, it is the Carrier's position that no further reimbursement is due the requestor."

Response Submitted by: TASB

SUMMARY OF FINDINGS

Dates of Service	Disputed Services	Amount In Dispute	Amount Due
August 20, 2003	Hospital Outpatient Services	\$12,191.40	\$0.00

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.401, sets out the fee guideline for inpatient hospital services.
3. 28 Texas Administrative Code §134.1 sets forth general provisions related to use of the fee guidelines.
4. Texas Labor Code §413.011 sets forth general provisions related to reimbursement policies and guidelines.

5. The services in dispute were reduced/denied by the respondent with the following reason codes:
 - M-Pmt amtnt based on Medicare grp rates at 130%, mult. proc rule applies.
 - O-Denial after reconsideration.
6. Dispute M4-04-6423 History
 - Dispute was originally decided on February 29, 2008.
 - The original dispute decision was appealed to the State Office of Administrative Hearings (SAOH).
 - SOAH remanded the dispute to the Division on October 15, 2008..
 - As a result of the remand order, the dispute was re-docketed at the Division's medical fee dispute resolution section.
 - M4-04-6423-02 is hereby reviewed.

Findings

1. 28 Texas Administrative Code §134.401(b)(1)(B) defines "Inpatient Services – Health care, as defined by the Texas Labor Code §401.011(19), provided by an acute care hospital and rendered to a person who is admitted to an acute care hospital and whose length of stay exceeds 23 hours in any unit of the acute care hospital." A review of the submitted medical bill finds that the requestor noted in box 4, (type of bill), code "111" that identifies that the bill is for inpatient services. A review of the submitted medical documentation does not support that claimant's length of stay exceeded 23 hours; therefore, the requestor failed to support that services in dispute were inpatient services.
2. This dispute relates to outpatient hospital services with reimbursement subject to former 28 Texas Administrative Code §134.1(c), effective May 16, 2002, 27 *Texas Register* 4047, which requires that "Reimbursement for services not identified in an established fee guideline shall be reimbursed at fair and reasonable rates as described in the Texas Workers' Compensation Act, §413.011 until such period that specific fee guidelines are established by the commission."
3. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual's behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
4. 28 Texas Administrative Code §133.307(g)(3)(D), effective January 1, 2003, 27 *Texas Register* 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to provide "documentation that discusses, demonstrates, and justifies that the payment amount being sought is a fair and reasonable rate of reimbursement." Review of the submitted documentation finds that:
 - The requestor's position statement asserts that "Vista Medical Center Hospital charges the above-referenced services at a fair and reasonable rate. Specifically, these rates are based upon a comparison of charges to other Carriers and the amount of reimbursement received for these same or similar services."
 - Documentation of the comparison of charges to other carriers was not presented for review.
 - Documentation of the amount of reimbursement received for these same or similar services was not presented for review.
 - The Division has previously found that "hospital charges are not a valid indicator of a hospital's costs of providing services nor of what is being paid by other payors," as stated in the adoption preamble to the Division's former *Acute Care Inpatient Hospital Fee Guideline*, 22 *TexReg* 6276 (July 4, 1997). It further states that "Alternative methods of reimbursement were considered... and rejected because they use hospital charges as their basis and allow the hospitals to affect their reimbursement by inflating their charges..." 22 *TexReg* 6268-6269. Therefore, the use of a hospital's "usual and customary" charges cannot be favorably considered when no other data or documentation was submitted to support that the payment amount being sought is a fair and reasonable reimbursement for the services in dispute.
 - In the alternative, the requestor asks to be reimbursed a minimum of 70% of billed charges, in support of which the requestor states that "The amount of reimbursement deemed to be fair and reasonable by Vista Medical Center Hospital is at a minimum of 70% of billed charges. This is supported by the Focus managed care contract. This managed care contract supports Vista Medical Center Hospital's argument that the usual and customary charges are fair and reasonable and **at the very minimum**, 70% of the usual and customary charges is fair and reasonable...the managed care contract shows numerous Insurance Carrier's willingness to provide 70% reimbursement for Ambulatory Surgical Centers medical services."
 - The requestor has provided select exhibit pages from the alleged managed care contract referenced above; however, a copy of the contract referenced in the position statement was not presented for review with this dispute.

- Review of the exhibit pages submitted by the requestor finds a schedule of charges, labeled exhibit "A", dated 04/23/92, which states that "OUTPATIENT SERVICES: 101/401 PAY 70% OF BILLED CHARGES."
- The requestor submitted a letter of clarification dated July 30, 1992 indicating a change in reimbursement to the above referenced contract, stating in part that "services rendered to eligible Beneficiaries will be considered at 80% of the usual and reasonable charge which is equal to the lesser of the actual charges billed by HCP; OR the eightieth (80th) percentile for charges for such services as set forth in the current Medical Data Research Database."
- The requestor submitted a fee schedule page, labeled exhibit A, dated effective August 1, 1992 which states, in part, that the provider shall receive "an amount equal to eighty percent (80%) of the Usual and Reasonable Charge for those Covered Services. For all purposes hereunder, the Usual and Reasonable Charge for such services shall be equal to the lesser of: (i) the actual charges billed by HCP for such services; or (ii) the eightieth (80th) percentile for charges for such services as set forth in the current Medical Data Research database."
- No data or information was submitted from the Medical Data Research database to support the requested reimbursement.
- No documentation was presented by the requestor to support that the referenced contract was in effect at the time of the disputed services.
- The requestor's position statement further asserts that "amounts paid to healthcare providers by third party payers are relevant to determining fair and reasonable workers' compensation reimbursement. Further, TWCC stated specifically that managed care contracts are fulfill the requirements of Texas Labor Code Section 413.011 as they are 'relevant to what fair and reasonable reimbursement is,' they are relevant to achieving cost control,' they are relevant to ensuring access to quality care,' and they are 'highly reliable.' See 22 *Texas Register* 6272. Finally, managed care contracts were determined by the TWCC to be the best indication of a market price voluntarily negotiated for medical services."
- While managed care contracts are relevant to determining a fair and reasonable reimbursement, the Division has previously found that a reimbursement methodology based upon payment of a percentage of a hospital's billed charges does not produce an acceptable payment amount. This methodology was considered and rejected by the Division in the adoption preamble to the Division's former *Acute Care Inpatient Hospital Fee Guideline*, which states at 22 *Texas Register* 6276 that:

"A discount from billed charges was another method of reimbursement which was considered. Again, this method was found unacceptable because it leaves the ultimate reimbursement in the control of the hospital, thus defeating the statutory objective of effective cost control and the statutory standard not to pay more than for similar treatment of an injured individual of an equivalent standard of living. It also provides no incentive to contain medical costs, would be administratively burdensome for the Commission and system participants, and would require additional Commission resources."

Therefore, a reimbursement amount that is calculated based upon a percentage of a hospital's billed charges cannot be favorably considered when no other data or documentation was submitted to support that the payment amount being sought is a fair and reasonable reimbursement for the services in dispute.

- In support of the requested reimbursement, the requestor submitted redacted explanations of benefits, and selected portions of EOBs, from various sample insurance carriers. However, the requestor did not discuss or explain how the sample EOBs support the requestor's position that additional payment is due. Review of the submitted documentation finds that the requestor did not establish that the sample EOBs are for services that are substantially similar to the services in dispute. The carriers' reimbursement methodologies are not described on the EOBs. Nor did the requestor explain or discuss the sample carriers' methodologies or how the payment amount was determined for each sample EOB. The requestor did not discuss whether such payment was typical for such services or for the services in dispute.
- The requestor did not submit documentation to support that payment of the amount sought is a fair and reasonable rate of reimbursement for the services in this dispute.
- The requestor did not support that the requested alternative reimbursement methodology would satisfy the requirements of 28 Texas Administrative Code §134.1.

The request for additional reimbursement is not supported. Thorough review of the documentation submitted by the requestor finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement for the services in dispute. Additional payment cannot be recommended.

Conclusion

The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution. After thorough review and consideration of the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amount sought by the requestor. The requestor has failed to establish that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
