SUMMARY OF FINDINGS

Dates of Service	Disputed Services	Amount In Dispute	Amount Due
November 21, 2011	CPT Code 72141-26 Cervical Spine MRI	\$332.00	\$126.32

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
- 28 Texas Administrative Code §134.203, effective March 1, 2008, 33 *Texas Register* 364, sets the reimbursement guidelines for the disputed service.
- The services in dispute were reduced/denied by the respondent with the following reason codes:
 - 196-Non Network Provider.
 - B5-Pymnt Adj/Program guidelines not met or exceeded.
 - 193-Original payment decision maintained.
- The Division placed a copy of the Medical Fee Dispute Resolution request in the insurance carrier's Austin representative box, which was acknowledged received on April 6, 2012. Per 28 Texas Administrative Code §133.307(d)(1), "The response will be deemed timely if received by the division via mail service, personal delivery, or facsimile within 14 calendar days after the date the respondent received the copy of the requestor's dispute. If the division does not receive the response information within 14 calendar days of the dispute

notification, then the division may base its decision on the available information." The insurance carrier did not submit any response for consideration in this dispute. Accordingly, this decision is based on the information available at the time of review.

Issues

1. Is the requestor entitled to reimbursement?

Findings

1. According to the submitted explanation of benefits, the respondent denied reimbursement for CPT code 72141-26 based upon reason code "B5." The respondent did not submit any documentation to support this denial reason; therefore, reimbursement is recommended per fee guideline.

Per 28 Texas Administrative Code §134.203(b)(1) "For coding, billing, reporting, and reimbursement of professional medical services, Texas workers' compensation system participants shall apply the following: Medicare payment policies, including its coding; billing; correct coding initiatives (CCI) edits; modifiers; bonus payments for health professional shortage areas (HPSAs) and physician scarcity areas (PSAs); and other payment policies in effect on the date a service is provided with any additions or exceptions in the rules."

CPT code 72141 is defined as "Magnetic resonance (eg, proton) imaging, spinal canal and contents, cervical; without contrast material."

The requestor appended modifier "26-Professional component" to CPT code 72141.

Per 28 Texas Administrative Code §134.203(c)(1)(2), "To determine the MAR for professional services, system participants shall apply the Medicare payment policies with minimal modifications.

(1) For service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Radiology, Pathology, Anesthesia, and Surgery when performed in an office setting, the established conversion factor to be applied is \$52.83. For Surgery when performed in a facility setting, the established conversion factor to be applied is \$66.32.

(2) The conversion factors listed in paragraph (1) of this subsection shall be the conversion factors for calendar year 2008. Subsequent year's conversion factors shall be determined by applying the annual percentage adjustment of the Medicare Economic Index (MEI) to the previous year's conversion factors, and shall be effective January 1st of the new calendar year. The following hypothetical example illustrates this annual adjustment activity if the Division had been using this MEI annual percentage adjustment: The 2006 Division conversion factor of \$50.83 (with the exception of surgery) would have been multiplied by the 2007 MEI annual percentage increase of 2.1 percent, resulting in the \$51.90 (with the exception of surgery) Division conversion factor in 2007."

To determine the MAR the following formula is used: (DWC Conversion Factor/Medicare Conversion Factor) X Participating Amount = Maximum Allowable Reimbursement (MAR).

The 2011 DWC conversion factor for this service is 54.54.

The Medicare Conversion Factor is 33.9764

Review of Box 32 on the CMS-1500 the services were rendered in Bryan, Texas. Per Medicare the provider is reimbursed using the locality of "Rest of Texas".

The Medicare Participating amount for code 72141-26 is \$78.69.

Using the above formula, the Division finds the MAR is \$126.32. The respondent paid \$0.00. As a result, the Division finds the requestor is due \$126.32.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$126.32.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code Sections 413.031 and 413.019 (if applicable), the Division has determined that the requestor is entitled to additional reimbursement for the services involved in this dispute. The Division hereby ORDERS the respondent to remit to the requestor the amount of \$126.32 plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this Order.
