REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "I have proven that bilateral studies are medically necessary and 'required' in the proper electrophysiologic assessment of neuropathic lesions regarding the ankle region. Considering these facts, I would ask that the carrier reprocess [sic] the remaining unpaid units for payment as is appropriate in this specific situation."

Amount in Dispute: \$1,940.00

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "The Office performed an in-depth review of the dispute packet submitted by the Kirt Repp and will maintain its denial for ANSI code 50-Services these are non-covered services because this is not deemed a medical necessity by the payer... Furthermore, the Office determined that the requestor is entitled to 1 additional unit of CPT code 95904 as the original audit did not reflect payment for the one of the plantar nerves. Out of good faith, an immediate re-audit has been requested to reimburse for 1 unit of 95904 to include interest as applicable pursuant to the Division rules and payment policies... The Office respectfully requests the Division deem this dispute not eligible for review as it has been determined that the provider did not submit the medical fee dispute in accordance with Rule 133.307(e)(3)(G) as the bills had been denied for medical necessity. These types of disputes should be submitted to the carrier for review by an Independent Review Organization."
