REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "The whole visit was of high complexity and required a lot of time. All the key components and criteria were more than adequately met. This should be paid."

Amount in Dispute: \$285.00

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: Upon further review the denial of 99205 was upheld. The 3 key components for a new patient office visit, level 5, 99205 would be History, Exam and Medical Decision Making and all 3 of these components are required in the office notes or submitted medical documentation... In this case, since there is no mention of the ROS, this would best be described as a 99202, at best."
