FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.600 defines services subject to pre-authorization requirements.
3. 28 Texas Administrative Code §130.1 (a) identifies providers who are authorized to evaluate maximum medical improvement and impairment rating.
4. 28 Texas Administrative Code §134.204 provides the fee guidelines for the requested services.
5. The services in dispute were reduced/denied by the respondent with the following reason codes:
 - 197/A73 – Precertification/Authorization/Notification absent.
 - 39/A72 – Services denied at the time authorization/pre-certification was requested.

Issues

1. Are the requested services subject to pre-authorization requirements defined in 28 Texas Administrative Code §134.600?
2. Was the requestor authorized to evaluate maximum medical improvement and impairment rating at the time services were performed?
3. Is the requestor entitled to reimbursement?

Findings

1. The insurance carrier denied services stating that precertification/authorization/notification was absent or denied at time of request. Review of the submitted documentation finds that the requested services are division-specific services and not subject to the pre-authorization requirements found in 28 Texas Administrative Code §134.600.
2. 28 Texas Administrative Code §130.1 (a), effective March 14, 2004, 29 TexReg 2328, states, "Authorized Doctor (1) Only an authorized doctor may certify maximum medical improvement (MMI), determine whether there is permanent impairment, and assign an impairment rating if there is permanent impairment. (A) Doctors serving in the following roles may be authorized as provided in subsection (a)(1)(B) of this section. (i) the treating doctor (**or a doctor to whom the treating doctor has referred the injured employee for evaluation of MMI and/or permanent whole body impairment** in the place of the treating doctor, in which case the treating doctor is not authorized); (B) ...On or after September 1, 2003, a doctor serving in one of the roles described in subsection (a)(1)(A) of this section is authorized as follows: (i) **a doctor whom the commission has certified to assign impairment ratings** or otherwise given specific permission by exception to, is authorized to determine whether an injured employee has permanent impairment, assign an impairment rating, and certify MMI" [emphasis added].

Review of the submitted documentation finds that the requestor was referred by the treating doctor to perform an examination of maximum medical improvement and impairment rating. The documentation also supports that the requestor's certification from the Division was valid at the time of service. Therefore, the requestor was authorized to evaluate maximum medical improvement and impairment rating at the time the services were performed.

3. 28 Texas Administrative Code §134.204 (j)(2) states, "An HCP shall only bill and be reimbursed for an MMI/IR examination if the doctor performing the evaluation (i.e., the examining doctor) is an authorized doctor in accordance with the Act and Division rules in Chapter 130 of this title."

28 Texas Administrative Code §134.204 (j)(3) states, "The following applies for billing and reimbursement of an MMI evaluation. (C) An examining doctor, other than the treating doctor, shall bill using CPT Code 99456. **Reimbursement shall be \$350**" [emphasis added].

28 Texas Administrative Code §134.204 (j)(4) states, "The following applies for billing and reimbursement of an IR evaluation. (C)(ii) The MAR for musculoskeletal body areas shall be as follows. (II) If full physical evaluation,

with range of motion, is performed: (-a-) **\$300 for the first musculoskeletal body area**" [emphasis added].

Review of the submitted documentation finds that the requestor performed an evaluation of maximum medical improvement and impairment rating, including a full physical examination with range of motion, as set out in 28 Texas Administrative Code §134.204 (j). Therefore, the requestor is entitled to \$650.00 reimbursement.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$650.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code Sections 413.031 and 413.019 (if applicable), the Division has determined that the requestor is entitled to additional reimbursement for the services involved in this dispute. The Division hereby ORDERS the respondent to remit to the requestor the amount of \$650.00 plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this Order.
