FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
- 28 Texas Administrative Code §134.203, effective March 1, 2008, 33 *Texas Register* 364, sets the reimbursement guidelines for the disputed service.
- The services in dispute were reduced/denied by the respondent with the following reason codes:
 - W1-Workers compensation state fee schedule adjustment.

- 97-The benefit for this service is included in the payment/allowance for another service/procedure that has already been adjudicated.
 - 150-Payer deems the information submitted does not support this level of service.
 - 193-Original payment decision s being maintained. Upon review, it was determined that this claim was processed properly.
4. The Division placed a copy of the Medical Fee Dispute Resolution request in the insurance carrier's Austin representative box, which was acknowledged received on February 5, 2014. Per 28 Texas Administrative Code §133.307(d)(1), "The response will be deemed timely if received by the division via mail service, personal delivery, or facsimile within 14 calendar days after the date the respondent received the copy of the requestor's dispute. If the division does not receive the response information within 14 calendar days of the dispute notification, then the division may base its decision on the available information." The insurance carrier did not submit any response for consideration in this dispute. Accordingly, this decision is based on the information available at the time of review.

Issues

1. Does the documentation support billing CPT code 99205?
2. Is the requestor entitled to additional reimbursement for CPT code 95886 and 95913?
3. Is the requestor entitled to additional reimbursement for HCPCS code A4556?

Findings

1. According to the explanation of benefits, the respondent denied reimbursement for code 99205 based upon the documentation does not support the level of service billed.

28 Texas Administrative Code §134.203(a)(5) states "Medicare payment policies" when used in this section, shall mean reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare."

28 Texas Administrative Code §134.203 (b)(1) states "For coding, billing, reporting, and reimbursement of professional medical services, Texas workers' compensation system participants shall apply the following: (1) Medicare payment policies, including its coding; billing; correct coding initiatives (CCI) edits; modifiers; bonus payments for health professional shortage areas (HPSAs) and physician scarcity areas (PSAs); and other payment policies in effect on the date a service is provided with any additions or exceptions in the rules."

The American Medical Association Current Procedural Terminology (CPT) defines code 99205 as "Office or other outpatient visit for the evaluation and management of a new patient, which requires these 3 key components: a comprehensive history; a comprehensive examination; medical decision making of high complexity. Counseling and/or coordination of care with other physicians, other qualified health care professionals, or agencies are provided consistent with the nature of the problem(s) and the patient's and/or family's needs. Usually, the presenting problem(s) are of moderate to high severity. Typically, 60 minutes are spent face-to-face with the patient and/or family."

A review of the submitted medical records does not support the level of service billed under CPT code 99205. As a result, reimbursement is not recommended.

2. The issue in dispute is whether the requestor is due additional reimbursement for CPT codes 95886 and 95913?

Per 28 Texas Administrative Code §134.203(c)(1)(2), "To determine the MAR for professional services, system participants shall apply the Medicare payment policies with minimal modifications.

(1) For service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Radiology, Pathology, Anesthesia, and Surgery when performed in an office setting, the established conversion factor to be applied is \$52.83. For Surgery when performed in a facility setting, the established conversion factor to be applied is \$66.32.

(2) The conversion factors listed in paragraph (1) of this subsection shall be the conversion factors for calendar year 2008. Subsequent year's conversion factors shall be determined by applying the annual percentage adjustment of the Medicare Economic Index (MEI) to the previous year's conversion factors, and shall be effective January 1st of the new calendar year. The following hypothetical example illustrates this annual adjustment activity if the Division had been using this MEI annual percentage adjustment: The 2006 Division conversion factor of \$50.83 (with the exception of surgery) would have been multiplied by the 2007 MEI annual percentage increase of 2.1 percent, resulting in the \$51.90 (with the exception of surgery) Division conversion

factor in 2007.”

To determine the MAR the following formula is used: (DWC Conversion Factor/Medicare Conversion Factor) X Participating Amount = Maximum Allowable Reimbursement (MAR).

The 2013 DWC conversion factor for this service is 55.3.

The Medicare Conversion Factor is 34.023

Review of Box 32 on the CMS-1500 the services were rendered in zip code 77042, which is located in Houston, Texas. Therefore, the Medicare participating amount will be based on the reimbursement for “Houston, Texas”.

Using the above formula, the Division finds the following:

Code	Medicare Participating Amount	Maximum Allowable	Carrier Paid	Due
95913	\$303.25	\$492.89	\$493.06	\$0.00
95886	\$84.97	\$138.10	\$138.11	\$0.00

- 3. 28 Texas Administrative Code §134.203(d) states “The MAR for Healthcare Common Procedure Coding System (HCPCS) Level II codes A, E, J, K, and L shall be determined as follows:

(1) 125 percent of the fee listed for the code in the Medicare Durable Medical Equipment, Prosthetics, Orthotics and Supplies (DMEPOS) fee schedule.”

According to the DMEPOS fee schedule, HCPCS code A4556 has a total allowable of \$13.15 for Texas. Per 28 Texas Administrative Code §134.203(d), the MAR is \$16.43. The respondent paid \$16.44. As a result, reimbursement of \$0.00 is recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has not established that reimbursement is due for the specified services. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
