#### REQUESTOR'S POSITION SUMMARY

**Requestor's Position Summary taken from letter to Respondent dated April 24, 2013:** "I tried to look this claim up on your website and it did not pull up anything. I don't know if there is record of this claim in your system but we have not received a response from your company on it. I am faxing the claim, documentation, and a proof of timely filing letter from our clearinghouse showing this claim was mailed to your company in a timely manner."

**Amount in Dispute:** \$174.00

#### RESPONDENT'S POSITION SUMMARY

**Respondent's Position Summary:** "In review of the dispute packet submitted by the requestor Clinics of North Texas, the Office performed an in-depth review of the requestor's billing and determined that we will maintain our denial for 29-Time limit for filing has expired... The Office received a complete medical bill for date of service 11/26/2012 on 4/25/2013 as indicated by the fax stamp at the bottom of the CMS 1500 in the amount of \$156.00, billing CPT code 97110 and 97140, and audit found that the bill was not timely filed pursuant to §Rule 133.20 (b). Further review found that the provider has not submitted a request for reconsideration pursuant to Rule §133.250 for the date of service in dispute. The requestor submitted evidence of a P2P E-Bill status report that shows the status as 'Print and Mail', however there is no information on this report to show that this bill was in fact mailed and/or the date the bill was mailed to the carrier. Unfortunately the requestor's clearinghouse report is not sufficient evidence that the provider's bill was in fact 'sent' or received by the carrier within 95 days from date of service. A review of our bill tracking system did not locate a bill being received prior to our receipt of the 4/25/2013 submission of the aforementioned date of service (Exhibit A). The Office respectfully requests the Division deem the dates of services 11/26/2012 referenced above ineligible for medical dispute resolution pursuant to §Rule 133.307 (f)(3)(A) as the requestor has failed to submit to the Office a request for reconsideration pursuant to §Rule 133.250..."

#### FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

## **Background**

1. 28 Texas Administrative Code §133.307 sets out the procedures for health care providers to pursue a medical fee dispute.
2. 28 Texas Administrative Code §133.20 sets out the procedures for health care providers to submit workers' compensation medical bills for reimbursement.
3. 28 Texas Administrative Code §102.4 sets out the rules for non-Commission communications.
4. 28 Texas Administrative Code §133.250 sets out the procedures for Reconsideration for Payment of Medical bills.
5. Texas Labor Code §408.027 sets out the rules for timely submission of a claim by a health care provider.
6. Texas Labor Code §408.0272 sets out the rules for certain exceptions for untimely submission of a claim by a health care provider.
7. The services in dispute were reduced/denied by the respondent with the following reason codes:
  - 29 – The time limit for filing has expired.

## **Issues**

1. Is the timely filing deadline applicable to the medical bills for the services in dispute?
2. Did the requestor forfeit the right to reimbursement for the services in dispute?
3. Did the requestor submit a request for reconsideration for the services in dispute?

## **Findings**

1. 28 Texas Administrative Code §133.20(b) states, in pertinent part, that, except as provided in Texas Labor Code §408.0272, "a health care provider shall not submit a medical bill later than the 95th day after the date the services are provided. In accordance with subsection (c) of the statute, the health care provider shall submit the medical bill to the correct workers' compensation insurance carrier not later than the 95th day after the date the health care provider is notified of the health care provider's erroneous submission of the medical bill. A health care provider who submits a medical bill to the correct workers' compensation insurance carrier shall include a copy of the original medical bill submitted, a copy of the explanation of benefits (EOB) if available, and sufficient documentation to support why one or more of the exceptions for untimely submission of a medical bill under §408.0272 should be applied..." Review of the documentation submitted by the requestor finds that a copy of a P2P Bill Information report was submitted which shows the status activity for December 4, 2012 and the total charges for date of service November 26, 2012 is \$79.00 that documents the procedure to be CPT Code 73010, which is not in dispute. The respondent in this dispute submitted a AFFIDAVIT OF NON-EXISTENCE OF BUSINESS RECORD documenting that there was no record of a medical bill received prior to 4/25/2013 for date of service 11/26/2012. This was a signed and notarized document. Therefore, no convincing documentation was found to support the services in this dispute were submitted timely.
2. Texas Labor Code §408.027(a) states, in pertinent part, that "Failure by the health care provider to timely submit a claim for payment constitutes a forfeiture of the provider's right to reimbursement for that claim for payment." 28 Texas Administrative Code §102.4(h) states that "Unless the great weight of evidence indicates otherwise, written communications shall be deemed to have been sent on: (1) the date received, if sent by fax, personal delivery, or electronic transmission or, (2) the date postmarked if sent by mail via United States Postal Service regular mail, or, if the postmark date is unavailable, the later of the signature date on the written communication or the date it was received minus five days. If the date received minus five days is a Sunday or legal holiday, the date deemed sent shall be the next previous day which is not a Sunday or legal holiday." Review of the submitted information finds documentation, in the form of a fax confirmation sheet, to support that a medical bill was submitted within 95 days from the date the services were provided. Therefore, pursuant to Texas Labor Code §408.027(a), the requestor in this medical fee dispute has forfeited the right to reimbursement due to untimely submission of the medical bill for the services in dispute.
3. 28 Texas Administrative Code §133.307(f)(2) states: "The division may raise issues in the MFDR process when it determines such an action to be appropriate to administer the dispute process consistent with the provisions of the Labor Code and division rules." Review of the documentation submitted by the requestor finds that the requestor did not sufficiently document that a request for reimbursement was made in accordance with 28 Texas Administrative Codes §133.307(c)(2)(J) and §133.250(b). Therefore, reimbursement is not recommended.

## **Conclusion**

For the reasons stated above, the Division finds that the requestor has not established that reimbursement is due. As a result, the amount ordered is \$0.00.

**ORDER**

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
