**BACKGROUND**

- 28 Texas Administrative Code §133.307, 37 TexReg 3833, applicable to medical fee disputes filed on or after June 1, 2012, sets out the procedures for resolving medical fee disputes.
- Texas Insurance Code Chapter 1305 applicable to Health Care Certified Networks.

**FINDINGS AND DECISION**

**Issue**

- Did the requestor meet the conditions outlined in the applicable portions of the Texas Insurance Code (TIC), Chapter 1305 to file for medical fee dispute resolution?
- Is this dispute eligible for medical fee dispute resolution pursuant to 28 Texas Administrative Code §133.307?

**Findings**

MISI ASC DALLAS LLC filed this medical fee dispute to the Division asking for resolution pursuant to 28 Texas Administrative Code (TAC) §133.307 titled *MDR of Fee Disputes*. The authority of the Division of Workers' Compensation to apply Texas Labor Code statutes and rules, including 28 TAC §133.307, is limited to the conditions outlined in the applicable portions of the Texas Insurance Code (TIC), Chapter 1305. In particular, TIC §1305.153 (c) provides that "Out-of-network providers who provide care as described by Section 1305.006 shall be reimbursed as provided by the Texas Workers' Compensation Act and applicable rules of the commissioner of workers' compensation." MISI ASC DALLAS LLC therefore has the burden to prove that the condition(s) outlined in Texas Insurance Code §1305.006 were met in order to be eligible for dispute resolution of the facility services provided. The following are the Division's findings.

1. Texas Insurance Code Section 1305.006 requires, in pertinent part, that "(3) health care provided by an out-of-network provider pursuant to a referral from the injured employee's treating doctor that has been approved by the network pursuant to Section 1305.103."

Texas Insurance Code Section 1305.103 requires, in pertinent part, that "(e) A treating doctor shall provide health care to the employee for the employee's compensable injury and shall make referrals to other network providers, or request referrals to out-of-network providers if medically necessary services are not available within the network. Referrals to out-of-network providers must be approved by the network."

The requestor, MISI ASC DALLAS LLC, has the burden to prove that it obtained the appropriate approval from Texas Star Network for the out-of-network care it provided. The requestor, MISI ASC DALLAS LLC, in its supplemental position summary dated June 6, 2014 states "Our facility is not contracted with the Network. We did receive authorization from the network prior to service to render treatment. The authorization number is 9914443 and was obtained on 12/20/2012." Review of the submitted documentation finds that the requestor MISI ASC DALLAS LLC submitted insufficient documentation to support that an out of network referral was obtained from the certified network to treat the injured employee pursuant to Texas Insurance Code 1305.103(3).

2. The requestor MISI ASC DALLAS LLC failed to prove in this case that that the requirements of Texas Insurance Code Section 1305.006(3) were met. Consequently, the services in dispute are not eligible for medical fee dispute resolution pursuant to 28 Texas Administrative Code §133.307.

***DECISION***

Based upon the documentation submitted by the parties, the Division has determined that this dispute is not eligible for resolution pursuant to 28 Texas Administrative Code §133.307.
