FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

2. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
3. 28 Texas Administrative Code §133.308 sets out the procedures for requesting review by an Independent Review Organization (IRO).

4. 28 Texas Administrative Code §133.100 sets out the procedures for health care under the treatment guidelines.
5. The services in dispute were reduced/denied by the respondent with the following reason codes:
 - RC YU – Unnecessary Treatment (without peer review).
 - T216 – Unnecessary medical treatment based on peer review.
 -

Issues

1. Was the request for medical fee dispute resolution filed in accordance with 28 Texas Administrative Code §133.305 and §133.307?
2. Are the disputed services eligible for medical fee dispute resolution under 28 Texas Administrative Code §133.307?

Findings

1. 28 Texas Administrative Code §133.305(a)(5) defines a medical fee dispute as a dispute that involves an amount of payment for non-network health care rendered to an injured employee (employee) for health care determined to be medically necessary and appropriate for treatment of that employee’s compensable injury. 28 Texas Administrative Code §133.305(b) requires that “If a dispute regarding compensability, extent of injury, liability, or medical necessity exists for the same service for which there is a medical fee dispute, the disputes regarding compensability, extent of injury, liability or medical necessity shall be resolved prior to the submission of a medical fee dispute for the same services in accordance with Labor Code §413.031 and 408.021.” In accordance with 28 Texas Administrative Code §133.307(f)(d)(B) requires that if the request contains an unresolved adverse determination of medical necessity, the Division shall notify the parties of the review requirements pursuant to §133.308 of this subchapter (relating to MDR by Independent Review Organizations) and will dismiss the request in accordance with the process outlined in §133.305 of this subchapter (relating to MDR--General). The appropriate dispute process for unresolved issues of medical necessity requires the filing of a request for review by an Independent Review Organization (IRO) pursuant to 28 Texas Administrative Code §133.308 prior to requesting medical fee dispute resolution. 28 Texas Administrative Code §137.100 Review of the submitted documentation finds that there are unresolved issues of medical necessity for the same service(s) for which there is a medical fee dispute. No documentation was submitted to support that the issue(s) of medical necessity have been resolved prior to the filing of the request for medical fee dispute resolution.
2. The requestor has failed to support that the services are eligible for medical fee dispute resolution pursuant to 28 Texas Administrative Code §133.307.

Conclusion

For the reasons stated above, the requestor has failed to establish that the respondent’s denial of payment reasons concerning medical necessity have been resolved through the required dispute resolution process as set forth in Texas Labor Code Chapter 413 prior to the submission of a medical fee dispute request for the same services. Therefore, medical fee dispute resolution staff has no authority to consider and/or order any payment in this medical fee dispute. As a result, no amount is ordered.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the services in dispute.
