FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.20 sets out requirements for medical bill submission by health care providers.
3. 28 Texas Administrative Code §134.203 sets out the reimbursement guidelines for professional medical services.
4. The services in dispute were reduced/denied by the respondent with the following reason codes:
 - W1 – Workers Compensation State Fee Schedule Adjustment
 - 217B – Based on payer reasonable and customary fees
 - 193 – Original payment decision is being maintained

Issues

1. Is there an established fee schedule amount for services in dispute?
2. Is the requestor entitled to reimbursement?

Findings

1. Per 28 Texas Administrative Code §134.202 states, in pertinent part “(b) For coding, billing, reporting, and reimbursement of professional medical services, Texas Workers’ Compensation system participants shall apply the Medicare program reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies in effect on the date a service is provided with any additions or exceptions in this section.” Review of the submitted documentation finds HCPCS code E0730 – RR was submitted on claim line. Per DMEPOS Fee Schedule the service in dispute is classified as “Inexpensive Routinely Purchased.” CMS Manual System, Pub. 100-04, Medicare Claims Processing Manual, Chapter 20, Subchapter 30.5 “For these items of DME, contractors pay the fee schedule amounts on a monthly rental basis not to exceed a period of continuous use of 15 months.” Transcutaneous Electrical Nerve Stimulator (TENS) (Rev. 2605, Issued: 11–30-12, Effective: 06-08-12, Implementation: 01-07-13) “The purchase price is determined under the same rules as any other frequently purchased item, except that there is no reduction in the allowed amount for purchase due to the two months rental. “EXAMPLES: The fee schedule amounts for an item of DME are ordinarily as follows: \$500 for purchase when the item is new. \$375 for purchase when the item is used. \$50 per month for renting the item.” Therefore, the division finds the service in dispute (E0730) fee schedule amount is the PDAC purchase amount divided by 10 or ($\$387.35 \div 10 = \38.74). The service in dispute will be reviewed per applicable rules and fee guidelines.
2. 28 Texas Administrative Code §134.203 (c)(A) states in pertinent part, “To determine the maximum allowable reimbursements (MARs) for professional services system participants shall apply the Medicare payment policies with the following minimal modifications: ... (A) 125% of the fee listed for the code in the Medicare Durable Medical Equipment, Prosthetics, Orthotics and Supplies (DMEPOS) fee schedule; Therefore the total MAR is calculated as follows DMEPOS fee schedule $\$38.74 \times 125\% = \48.43 . The carrier paid \$28.31, an additional payment of \$20.12 can be recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$20.12.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code Sections 413.031 and 413.019 (if applicable), the Division has determined that the requestor is entitled to additional reimbursement for the services involved in this dispute. The Division hereby ORDERS the respondent to remit to the requestor the amount of \$20.12 plus applicable accrued interest per 28 Texas Administrative Code §134.130 due within 30 days of receipt of this Order.
