REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "Once I found out our claims was being denied for something RMTS was not aware of, I asked who is the network which is Texas Star (Coventry) [sic]. RMTS is currently in every state a Coventry Provider I have faxed off to be network provider. RMTS did receive authorization for 24 visits for [injured employee] and for [injured employee] was told we did not need authorization until after 14 visits. RMTS followed what we were told and was not aware of Texas Star. Please review all claims for review."

Amount in Dispute: \$5,167.00

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "Texas Mutual claim [claim #] is in the Texas Star Network. Texas Mutual reviewed its online Texas Star Network provider directory for the requestor's name and for its tax identification number, and found no evidence Rocky Mtn Therapy Service or Joshua Tilley are participants in that Network. Further, Texas Mutual has no evidence the requestor, a non-network provider, received out of network approval to provide the physical therapy. Nor has the requestor provided any such evidence in its DWC-60 packet... Because this fee reimbursement dispute involves a Network requirement under the Insurance Code and not the Labor Code, Texas Mutual argues DWC MDR has no jurisdiction in this matter."

BACKGROUND

- 28 Texas Administrative Code §133.307, 37 TexReg 3833, applicable to medical fee disputes filed on or after June 1, 2012, sets out the procedures for resolving medical fee disputes.
- Texas Insurance Code Chapter 1305 applicable to Health Care Certified Networks.

FINDINGS AND DECISION

Issue

- Did the requestor meet the conditions outlined in the applicable portions of the Texas Insurance Code (TIC), Chapter 1305 to file for medical fee dispute resolution?
- Is this dispute eligible for medical fee dispute resolution pursuant to 28 Texas Administrative Code §133.307?

Findings

The requestor filed this medical fee dispute to the Division asking for resolution pursuant to 28 Texas Administrative Code (TAC) §133.307 titled *MDR of Fee Disputes*. The authority of the Division of Workers' Compensation to apply Texas Labor Code statutes and rules, including 28 TAC §133.307, is limited to the conditions outlined in the applicable portions of the Texas Insurance Code (TIC), Chapter 1305. In particular, TIC §1305.153 (c) provides that "Out-of-network providers who provide care as described by Section 1305.006 shall be reimbursed as provided by the Texas Workers' Compensation Act and applicable rules of the commissioner of workers' compensation." The requestor therefore has the burden to prove that the condition(s) outlined in Texas Insurance Code §1305.006 were met in order to be eligible for dispute resolution of the facility services provided. The following are the Division's findings.

1. Texas Insurance Code Section 1305.006 requires, in pertinent part, that "(3) health care provided by an out-of-network provider pursuant to a referral from the injured employee's treating doctor that has been approved by the network pursuant to Section 1305.103."

Texas Insurance Code Section 1305.103 requires, in pertinent part, that "(e) A treating doctor shall provide health care to the employee for the employee's compensable injury and shall make referrals to other network providers, or request referrals to out-of-network providers if medically necessary services are not available within the network. Referrals to out-of-network providers must be approved by the network."

The requestor has the burden to prove that it obtained the appropriate approval from the certified network for the out-of-network care it provided. The requestor, in its position summary dated November 7, 2013, states in part, "RMTS did receive authorization for 24 visits for [injured employee] and for [sic] Luis Portillo was told we did not need authorization until after 14 visits. RMTS followed what we were told and was not aware of Texas Star." Although preauthorization was obtained as indicated by the requestor, the Division finds that no documentation was submitted to support that the requestor obtained an out of network referral from the treating doctor authorized by the certified network, thereby failing to meet the requirements of Texas Insurance Code Section 1305.103(e).

2. The requestor failed to prove in this case that that the requirements of Texas Insurance Code Section 1305.006(3) were met. Consequently, the services in dispute are not eligible for medical fee dispute resolution pursuant to 28 Texas Administrative Code §133.307.

DECISION

Based upon the documentation submitted by the parties, the Division has determined that this dispute is not eligible for resolution pursuant to 28 Texas Administrative Code §133.307.
