#### FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

**Background**

- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
- 28 Texas Administrative Code §134.202 sets out the fee guidelines for professional medical services.
- The services in dispute were reduced/denied by the respondent with the following reason codes:
  - Home health services need to be billed on UB-04
  - 193 – Original payment decision is being maintained

**Issues**

- Did the requestor submit claim in compliance with Division rules?
- Is the requestor entitled to reimbursement?

**Findings**

1. The carrier denied the disputed services as 892 – “All home health service must be billed on a UB04 with each DOS listed separately.” 28 Texas Labor Code §134.202 (b) states in pertinent part, “For coding, billing, reporting, and reimbursement of professional medical services, Texas Workers' Compensation system participants shall apply the Medicare program reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies in effect on the date a service is provided with any additions or exceptions in this section.” Review of the Centers for Medicare and Medicaid Services (CMS), Claims Processing Manual, Chapter 10, states in pertinent part, “40 - Completion of Form CMS-1450 for Home Health Agency Billing (Rev. 3021, Issued: 08-08-14, Effective: 01-01-12, Implementation: 09-08-14) The Social Security Act at §1862 (a)(22) requires that all claims for Medicare payment must be submitted in an electronic form specified by the Secretary of Health and Human Services, unless an exception described at §1862 (h) applies. The electronic form required for billing home health services is the ASC X12 837 institutional claim transaction. Since the data structure of the 837 transaction is difficult to express in narrative form and to provide assistance to small providers excepted from the electronic claim requirement, the instructions below are given relative to the data element names on the Form CMS-1450 hardcopy form.

Based on the above, the Division finds the Carrier's denial is supported.

2. Requirements of Rule 134.202 (b) were not met. No additional payment can be recommended.

**Conclusion**

For the reasons stated above, the Division finds that the requestor has not established that additional reimbursement is due. As a result, the amount ordered is \$0.00.

**ORDER**

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
