June 19, 2013	CPT Code 99213- Office Visit	\$119.22	\$0.00
November 18, 2013	CPT Code 99214 Office Visit	\$174.92	\$0.00
TOTAL		\$294.14	\$0.00

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.203 set out the fee guideline for the reimbursement of workers' compensation professional medical services provided on or after March 1, 2008.
3. The services in dispute were reduced/denied by the respondent with the following reason codes:
 - 97-The benefit for this service is included in the payment/allowance for another service/procedure that has already been adjudicated.
 - W3-Request for reconsideration.

- BL-This bill is a reconsideration of a previously reviewed bill. Allowance amounts do not reflect previous payments.
 - 193-Original payment decision maintained. Upon review it was determined that this claim was processed properly.
 - 16-Claim service lacks information which is needed for adjudication.
 - 19-Precertification/authorization exceeded.
 - 11, 112-Service not furnished directly to the patient and/or not documented.
4. The Division placed a copy of the Medical Fee Dispute Resolution request in the insurance carrier's Austin representative box, which was acknowledged received on April 30, 2014. Per 28 Texas Administrative Code §133.307(d)(1), "The response will be deemed timely if received by the division via mail service, personal delivery, or facsimile within 14 calendar days after the date the respondent received the copy of the requestor's dispute. If the division does not receive the response information within 14 calendar days of the dispute notification, then the division may base its decision on the available information." The insurance carrier did not submit any response for consideration in this dispute. Accordingly, this decision is based on the information available at the time of review.

Issues

1. Is the allowance of the disputed service included in the allowance of another service performed on the disputed date?
2. Does the documentation support billing of CPT code 99213 and 99214?

Findings

1. The respondent denied reimbursement for the office visits, CPT codes 99213 and 99214 based upon reason code "97." On the disputed dates of service the requestor billed office visits and physical therapy codes, 97110, 97112 and 97140.

28 Texas Administrative Code §134.203(b)(1) states "For coding, billing, reporting, and reimbursement of professional medical services, Texas workers' compensation system participants shall apply the following: (1) Medicare payment policies, including its coding; billing; correct coding initiatives (CCI) edits; modifiers; bonus payments for health professional shortage areas (HPSAs) and physician scarcity areas (PSAs); and other payment policies in effect on the date a service is provided with any additions or exceptions in the rules."

A review of the CCI edits, finds that the office visits are not components of the physical therapy services; therefore, the respondent's denial based upon reason code "97" is not supported.

2. The respondent also denied reimbursement for the office visits based upon reason code "16."

28 Texas Administrative Code §134.203(a)(5) states "Medicare payment policies" when used in this section, shall mean reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare."

CPT code 99213 is defined as "Office or other outpatient visit for the evaluation and management of an established patient, which requires at least 2 of these 3 key components: An expanded problem focused history; An expanded problem focused examination; Medical decision making of low complexity. Counseling and coordination of care with other physicians, other qualified health care professionals, or agencies are provided consistent with the nature of the problem(s) and the patient's and/or family's needs. Usually, the presenting problem(s) are of low to moderate severity. Typically, 15 minutes are spent face-to-face with the patient and/or family."

CPT code 99214 is defined as "Office or other outpatient visit for the evaluation and management of an established patient, which requires at least 2 of these 3 key components: A detailed history; A detailed examination; Medical decision making of moderate complexity. Counseling and/or coordination of care with other physicians, other qualified health care professionals, or agencies are provided consistent with the nature of the problem(s) and the patient's and/or family's needs. Usually, the presenting problem(s) are of moderate to high severity. Typically, 25 minutes are spent face-to-face with the patient and/or family."

A review of the submitted medical reports finds that the requestor did not document at least 2 of the 3 key components to support billing CPT codes 99213 and 99214 on the disputed dates of service. As a result, reimbursement is not recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has not established that reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
