REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "Rocky Mountain Holdings, LLC. Provided emergency air ambulance transportation services to injured employee in this case. [Injured Employee] suffered injury when he was working. The first responders to the scene ordered air ambulance services because of the blunt force trauma and the need to get patient to the nearest trauma center.

Rocky Mountain Holdings, LLC then billed Texas Mutual. Texas Mutual paid \$12,266.00 on the total charge of \$83,923.66 leaving a balance of \$71,657.66. Rocky Mountain made an appeal to Texas mutual and the reason for the reduction was that the bill was paid according to the fee schedule based on a fair and reasonable amount. However, Texas Mutual has failed to provide evidence to prove \$12,266.00 is a reasonable amount of an emergency 339 mile air ambulance transport. All appeals by Rocky Mountain Holdings, LLC state it believes that since it is a federally recognized air carrier, federally expressed preemption to any imposition of any fee schedule to its rates exist."

Amount in Dispute: \$71,657.66

RESPONDENT'S POSITION SUMMARY

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.

Issues

1. Does the federal McCarran-Ferguson exempt the applicable Texas Workers’ Compensation medical fee guideline from preemption by the federal Airline Deregulation Act?
2. Did the requestor waive the right to medical fee dispute resolution?

Findings

1. The requestor maintains that the Federal Aviation Act, as amended by the Airline Deregulation Act (ADA) of 1978, 49 U.S.C. §41713, preempts the authority of the Texas Labor Code to apply the Division’s medical fee schedule amount. This threshold legal issue was considered by the State Office of Administrative Hearings (SOAH) in *PHI Air Medical v. Texas Mutual Insurance Company*, Docket number 454-12-7770.M4, *et al.* SOAH held that “the Airline Deregulation Act does not preempt state worker’s compensation rules and guidelines that establish the reimbursement allowed for the air ambulance services . . . rendered to injured workers (claimants).” SOAH found that:

In particular, the McCarran-Ferguson Act explicitly reserves the regulation of insurance to the states and provides that any federal law that infringes upon that regulation is preempted by the state insurance laws, unless the federal law specifically relates to the business of insurance. In this case, there is little doubt that the worker’s compensation system adopted in Texas is directly related to the business of insurance . . .

The Division agrees. The Division concludes that its jurisdiction to consider the medical fee issues in this dispute is not preempted by the Federal Aviation Act, or the Airline Deregulation Act of 1978, based upon SOAH’s threshold issue discussion and the information provided by the parties in this medical fee dispute. The disputed services will therefore be decided pursuant to Texas Labor Code §413.031 and all applicable rules and fee guidelines of the Texas Department of Insurance, Division of Workers’ Compensation.

2. To be eligible for medical fee dispute resolution, a request must be timely filed in accordance with 28 Texas Administrative Code §133.307(c)(1), which states:

Timeliness. A requestor shall timely file the request with the division's MFDR Section or waive the right to MFDR. The division shall deem a request to be filed on the date the MFDR Section receives the request. A decision by the MFDR Section that a request was not timely filed is not a dismissal and may be appealed pursuant to subsection (g) of this section.

(A) A request for MFDR that does not involve issues identified in subparagraph (B) of this paragraph shall be filed no later than one year after the date(s) of service in dispute.”

The date of the services in dispute is November 19, 2013. The request for medical dispute resolution was received in the Medical Dispute Resolution (MDR) section on December 08, 2014. This date is later than one year after the date(s) of service in dispute. Review of the submitted documentation finds that the disputed services do not involve issues identified in §133.307(c)(1)(B). The Division concludes that the requestor has failed to timely file this dispute with the Division’s MDR Section; consequently, the requestor has waived the right to medical fee dispute resolution.

Conclusion

The Division finds that the requestor has waived the right to medical fee dispute resolution for the services in dispute. For that reason, the merits of the issues raised by the parties to this dispute have not been addressed.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the services in dispute.
