- 28 Texas Administrative Code §134.403 sets out the fee guidelines for outpatient acute care hospital services.

 - 193 – Original payment decision is being maintained

Issues

1. What is the applicable rule for determining reimbursement for the disputed services?
2. What is the recommended payment amount for the services in dispute?
3. Is the requestor entitled to reimbursement?

Findings

1. The Division placed a copy of the Medical Fee Dispute Resolution request in the insurance carrier's Austin representative box, which was acknowledged received on January 9, 2015. Per 28 Texas Administrative Code §133.307(d)(1), "The response will be deemed timely if received by the division via mail service, personal delivery, or facsimile within 14 calendar days after the date the respondent received the copy of the requestor's dispute. If the division does not receive the response information within 14 calendar days of the dispute notification, then the division may base its decision on the available information." The insurance carrier did not submit any response for consideration in this dispute. Accordingly, this decision is based on the information available at the time of review.
2. Review of the medical claim finds "Type of Bill" 131 or Outpatient Hospital Services. 28 Texas Administrative Code §134.403 states in pertinent part (h), for outpatient services for which Medicare reimburses using fee schedules other than OPPS, reimbursement is made using the applicable Division fee guideline in effect for that service on the date the service was provided. Payment for these disputed services are calculated according to the Medical Fee Guideline for Professional Services, §134.203(c). Reimbursement for the disputed services is calculated as follows:
 - Procedure code 97112, date of service August 6, 2014, has a status indicator of A, which denotes services paid under a fee schedule or payment system other than OPPS. Per Medicare policy, when more than one unit of designated therapy services is performed on the same day, full payment is made for the first unit of the procedure with the highest practice expense. Payment for each subsequent unit is reduced by 25% of the practice expense. This procedure does not have the highest practice expense for this date. The reduced rate listed for this code in the Multiple Procedure Payment Reduction Rate File for 2014 is \$32.16. This amount multiplied by 2 units is \$48.58. This amount divided by the Medicare conversion factor of 35.8228 and multiplied by the Division conversion factor of 55.75 yields a MAR of \$75.60
