Issues

1. What is the applicable rule for determining reimbursement for the disputed services?
2. What is the recommended payment amount for the services in dispute?
3. Is the requestor entitled to reimbursement?

Findings

1. Review of the submitted bill finds “Type of Bill – 31” or Outpatient Hospital Services. Per 28 Texas Administrative Code §134.403(h), for outpatient services for which Medicare reimburses using fee schedules other than OPPS, reimbursement is made using the applicable Division fee guideline in effect for that service on the date the service was provided. Payment for this service is calculated according to the Medical Fee Guideline for Professional Services, §134.203(c).
2. Reimbursement for the disputed services is calculated as follows:
 - Procedure code 97002, date of service July 8, 2014, has a status indicator of A, which denotes services paid under a fee schedule or payment system other than OPPS. Per Medicare policy, when more than one unit of designated therapy services is performed on the same day, full payment is made for the first unit of the procedure with the highest practice expense. Payment for each subsequent unit is reduced by 50% of the practice expense. This procedure has the highest practice expense for this date. The rate listed for this code in the Multiple Procedure Payment Reduction Rate File for 2014 is \$42.20. This amount divided by the Medicare conversion factor of 35.8228 and multiplied by the Division conversion factor of 55.75 yields a MAR of \$65.67
