MEDICAL FEE DISPUTE RESOLUTION FINDINGS AND DECISION

GENERAL INFORMATION

Requestor Name

Chavda, Deepak V

Respondent Name

Texas Mutual Insurance

MFDR Tracking Number

M4-15-1741-01

Carrier's Austin Representative

Box Number 54

MFDR Date Received

February 10, 2015

REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "Please note, the above claim was denied due to an error."

Amount in Dispute: \$3,880.20

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "In order to resolve this fee reimbursement dispute Texas Mutual Insurance Company has elected to pay the disputed services. However, the Medically Unlikely Edits indicates 6 units per patient per same day encounter for code 82542 are allowed. Texas Mutual will reimburse the initial 82542 code and five additional billing for the code for 6 total."

Response Submitted by: Texas Mutual Insurance

SUMMARY OF FINDINGS

Dates of Service	Disputed Services	Amount In Dispute	Amount Due
August 12, 2014	Urinary drug screens	\$3,880.20	\$0.00

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the requirements for filing a medical fee dispute.
2. 28 Texas Administrative Code §133.210 sets out the documents required to be filed with medical bills during the medical billing process.
3. 28 Texas Administrative Code Part 1, Chapter 19, Subchapter U sets out the requirements for utilization review of health care provided under Texas workers' compensation insurance coverage.
4. 28 Texas Administrative Code §137.100 details concepts of disability management.
5. 28 Texas Administrative Code §134.203 sets out the reimbursement for clinical laboratory services.

6. The services in dispute were reduced/denied by the respondent with the following reason codes:

Explanation of benefits dated March 6, 2015

- 16 – Claim/service lacks information or has submission/billing error(s)
- 193 – Original payment decision is being maintained
- 97 – The benefit for this service is included in the payment/allowance for another service/procedure that has already been adjudicated.
- W3 – In accordance with TDI-DWC Rule 134.804, this bill has been identified as a request for reconsideration or appeal
- 225 – The submitted documentation does not support the service being billed
- 641 – The medically unlike edits (MUE) from CMS has been applied to this procedure code
- 758 – ODG documentation requirements for urine drug testing have not been met
- 891 – No additional payment after reconsideration
- 217 – The value of this procedure is included in the value of another procedure performed on this date

Issues

1. Was the respondent's position statement supported?
2. Were the services in dispute recommended under the division's treatment guidelines?
3. Did the requestor meet division documentation requirements?
4. Did the carrier appropriately request additional documentation?
5. Did the carrier appropriately raise reasonableness and medical necessity?
6. Were Medicare policies met?
7. Is reimbursement due?

Findings

1. The respondent states, "In order to resolve this fee reimbursement dispute Texas Mutual Insurance Company has elected to pay the disputed services. However, the Medically Unlikely Edits indicates 6 units per patient per same day encounter for code 82542 are allowed. Texas Mutual will reimburse the initial 82542 code and five additional billings of the code for 6 total."

The total amount of the claims in dispute is \$3,880.20. The requestor submitted an explanation of benefits dated March 6, 2015 that indicates a reconsideration of all codes and payment of \$1,365.31 (interest of \$19.20 deducted). The respondent maintained all the original denial codes for codes 82542. This code will be reviewed per applicable rules and fee guidelines.

2. Per 28 Texas Administrative Code (TAC) §137.100 (a) states, in pertinent part, that "Health care providers shall provide treatment in accordance with the current edition of the *Official Disability Guidelines - Treatment in Workers' Comp...*" Health care provided in accordance with the Division treatment guidelines is presumed reasonable as specified in Labor Code §413.017, and is also presumed to be health care reasonably required as defined by Labor Code §401.011(22-a). Review of the August 2014 ODG pain chapter under the "Drug testing" finds that drug testing is recommended. Furthermore, ODG refers to procedure description "Urine Drug Testing (UDT)" where UDTs are also described as "recommended." The division concludes that the services were provided in accordance with the division's treatment guidelines; that the services are presumed reasonable pursuant to 28 TAC §137.100(c), and Labor Code §413.017; and are also presumed to be health care reasonably required as defined by Labor Code §401.011(22-a).
3. The respondent's claim adjustment code 758 states that "ODG documentation requirements for urine drug testing have not been met." Documentation requirements for the services provided are not established by ODG, rather, documentation requirements are established by 28 TAC §133.210 which describes the documentation required to be submitted with a medical bill. 28 TAC §133.210 does not

require documentation to be submitted with the medical bill for the services in dispute. The carrier's denial reason is not supported.

4. The carrier denied payment, in part, with claim adjustment code 225 citing that the documentation does not support the service billed, and that the carrier would "...re-evaluate this upon receipt of clarifying information." Similarly, in its response to this medical fee dispute, the carrier cites the lack of clarifying information and/or documentation as a reason for denial of payment. The process for a carrier's request of documentation not otherwise required by 28 TAC 133.210 is detailed in section (d) of that section as follows:

Any request by the insurance carrier for additional documentation to process a medical bill shall:

- (1) be in writing;
- (2) be specific to the bill or the bill's related episode of care;
- (3) describe with specificity the clinical and other information to be included in the response;
- (4) be relevant and necessary for the resolution of the bill;
- (5) be for information that is contained in or in the process of being incorporated into the injured employee's medical or billing record maintained by the health care provider;
- (6) indicate the specific reason for which the insurance carrier is requesting the information; and include a copy of the medical bill for which the insurance carrier is requesting the additional documentation.

No documentation was found to support that the carrier made an appropriate request for additional documentation during the billing process with the specificity required by rule. The division concludes that carrier failed to meet the requirements of 28 TAC 133.210(d).

5. Health care provided in accordance with the ODG is presumed reasonable as specified in (c) of Rule §137.100. Section (e) of that same rule allows for the insurance carrier to retrospectively review reasonableness and medical necessity:

An insurance carrier may retrospectively review, and if appropriate, deny payment for treatments and services not preauthorized under subsection (d) of this section when the insurance carrier asserts that health care provided within the Division treatment guidelines is not reasonably required. The assertion must be supported by documentation of evidence-based medicine that outweighs the presumption of reasonableness established by Labor Code §413.017.

28 Texas Administrative Code Part 1, Chapter 19, Subchapter U sets out the requirements for utilization review of health care provided under Texas workers' compensation insurance coverage. Applicable 28 TAC §19.2003 (b)(31) defines retrospective review as "A form of utilization review for health care services that have been provided to an injured employee." No documentation was found to support that the insurance carrier retrospectively reviewed the reasonableness and medical necessity of the service in dispute pursuant to the minimal requirements of Chapter 19, subchapter U. The insurance carrier failed to follow the appropriate administrative process and remedy in order to address its assertions regarding appropriateness of care and medical necessity.

6. 28 TAC §134.203(b) states that "For coding, billing, reporting, and reimbursement of professional medical services, Texas workers' compensation system participants shall apply the following: (1) Medicare payment policies, including its coding; billing; correct coding initiative (CCI) edits; modifiers; bonus payments for health professional shortage areas (HPSAs) and physician scarcity areas (PSAs); and other payment policies in effect on the date a service is provided with any additions or exceptions in the rules." 28 TAC §134.203(a)(5) states that "'Medicare payment policies' when used in this section, shall mean reimbursement methodologies, models, values and weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare." The services in dispute are clinical laboratory services; therefore, Medicare policies for the clinical laboratory services must be met. The services in dispute are addressed in the CMS Clinical Laboratory Fee Schedule. The following AMA CPT codes/descriptions remain in dispute:

- CPT Code - 82542 Column chromatography/mass spectrometry (eg, GC/MS, or HPLC/MS), non-drug analyte not elsewhere specified; quantitative, single stationary and mobile phase
- CPT Code – 80104 Drug SCRN 1+ Class

The requestor submitted 82542 x 1 unit and 82542 -91 x 14 units for a total of 15 units.

- The carrier paid 6 units of 82542. Per NCCI Medically Unlikely Edits, code 82542 has a limit of “6” units. The carrier’s denial of 9 units as 641 – “The Medically unlikely edits (MUE) from CMS has been applied to this procedure code” is supported. No payment is recommended.

The requestor submitted 80104 x 1 unit.

- The carrier denied this service as 97 – “The benefit for this service is included in the payment/allowance for another service/procedure that has already been adjudicated. MedLearn Matters Number : SE1105 states, “Code 80104 has not been priced under Medicare effective January 1, 2011. Pursuant to Rule 134.203(b) Medicare does not pay separately for this code. The carrier’s denial is supported.

7. The requestor acknowledged payment of services but chose not to withdraw this dispute. However based on requirements of Rule 134.203 (b) no additional payment can be recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has not established that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
