FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.530 sets out the requirements for use of the closed formulary for claims not subject to certified networks.
3. 28 Texas Administrative Code §134.600 sets out the procedures regarding preauthorization of health care.
4. 28 Texas Administrative Code §133.240 sets out the procedures for payment or denial of medical bills.

5. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
- 197 – Not defined as required in 28 Texas Administrative Code §133.240
 - XF06 – Per TX Rule 134.600 pre-auth is required. If services have been preauthorized resubmit the bill with authorization info for reconsideration.

Issues

1. Are the insurance carrier’s reasons for denial or reduction of payment supported?

Findings

1. The insurance carrier denied disputed services with claim adjustment reason code “XF06 – PER TX RULE 134.600 PRE-AUTH IS REQUIRED. IF SERVICES HAVE BEEN PREAUTHORIZED RESUBMIT THE BILL WITH AUTHORIZATION INFO FOR RECONSIDERATION.” 28 Texas Administrative Code §134.530 (b) (1) states, in relevant part, “Preauthorization is only required for: ... (B) any compound that contains a drug identified with a status of ‘N’ in the current edition of the ODG Treatment in Workers' Comp (ODG) / Appendix A, ODG Workers' Compensation Drug Formulary, and any updates.” Review of the submitted documentation finds that the dispute involves a compound drug that includes the ingredients Flurbiprofen, Ketamine, Lidocaine, Gabapentin, Ethoxy Diglycol, Propylene Glycol, and Versapro Cream. The ODG Treatment in Workers' Comp (ODG) / Appendix A, ODG Workers' Compensation Drug Formulary in effect on the date of service finds that Ketamine and Lidocaine are “N” status drugs. Therefore, the compound requires preauthorization.

28 Texas Administrative Code §134.530 (e)(1) states, “For situations in which the prescribing doctor determines and documents that a drug excluded from the closed formulary is necessary to treat an injured employee's compensable injury and has prescribed the drug, the prescribing doctor, other requestor, or injured employee must request approval of the drug by requesting preauthorization, including reconsideration, in accordance with §134.600 of this title and applicable provisions of Chapter 19 of this title (relating to Agents' Licensing).” Review of the submitted information does not find that a request for preauthorization was requested or obtained in accordance with 28 Texas Administrative Code §134.600. For this reason, the insurance carrier’s denial reason is supported. Additional reimbursement cannot be recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has not established that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
