January 27, 2016

REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "For the APC the allowable amount due totaled is \$12,661.76.. Based on their payment of \$12,275.32 for the APC a supplemental payment is still due of \$386.44 on the APC alone, at this time."

Amount in Dispute: \$386.44

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "additional allowance is not warranted."

Response Submitted by: York Risk Services Group

SUMMARY OF FINDINGS

Dates of Service	Disputed Services	Amount In Dispute	Amount Due
April 23, 2015	Outpatient Hospital Services	\$386.44	\$0

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.403 sets out the acute care hospital fee guideline for outpatient services.
3. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
 - 97 – PAYMENT ADJUSTED BECAUSE THE BENEFIT FOR THIS SERVICE IS INCLUDED IN THE PAYMENT/ALLOWANCE FOR ANOTHER SERVICE/PROCEDURE THAT HAS ALREADY BEEN ADJUDICATED.
 - 243 – THE CHARGE FOR THIS PROCEDURE WAS NOT PAID SINCE THE VALUE OF THIS PROCEDURE IS INCLUDED/BUNDLED WITHIN THE VALUE OF ANOTHER PROCEDURE PERFORMED.
 - 802 – CHARGE FOR THIS PROCEDURE EXCEEDS THE OPPTS SCHEDULE ALLOWANCE.
 - P12 – WORKERS' COMPENSATION JURISDICTIONAL FEE SCHEDULE ADJUSTMENT
 - 18 – EXACT DUPLICATE CLAIM/SERVICE
 - W3 – ADDITIONAL PAYMENT MADE ON APPEAL/RECONSIDERATION.
 - 193 – ORIGINAL PAYMENT DECISION IS BEING MAINTAINED. UPON REVIEW, IT WAS DETERMINED THAT THIS CLAIM WAS PROCESSED PROPERLY.

Issues

1. What is the applicable rule for determining reimbursement for the disputed services?
2. What is the recommended payment amount for the services in dispute?
3. Is the requestor entitled to additional reimbursement?

Findings

1. This dispute regards outpatient hospital facility services with reimbursement subject to the provisions of 28 Texas Administrative Code §134.403, which requires that the reimbursement calculation used for establishing the maximum allowable reimbursement (MAR) shall be the Medicare facility specific amount, including outlier payment amounts, determined by applying the most recently adopted and effective Medicare Outpatient Prospective Payment System (OPPS) reimbursement formula and factors as published annually in the Federal Register with the application of minimal modifications as set forth in the rule.

Per §134.403(f)(1), the sum of the Medicare facility specific reimbursement amount and any applicable outlier payment amount shall be multiplied by 200 percent, unless a facility or surgical implant provider requests separate reimbursement of implantables. Review of the submitted documentation finds that separate reimbursement for implantables was not requested.

2. Under the Medicare Outpatient Prospective Payment System (OPPS), each billed service is assigned an Ambulatory Payment Classification (APC) based on the procedure codes billed and supporting documentation. A payment rate is established for each APC. Hospitals may be paid for more than one APC per encounter. Payment for ancillary and supportive items and services (including services billed without procedure codes) is packaged into the payment for each APC. A full list of APCs is published quarterly in the OPPS final rules, which are publicly available from the Centers for Medicare and Medicaid Services (CMS). Reimbursement for the disputed services is calculated as follows:
 - Procedure code J7120 has status indicator N denoting packaged items and services with no separate APC payment; payment is packaged into the reimbursement for other services, including outliers.
 - Procedure code C1713 has status indicator N denoting packaged items and services with no separate APC payment; payment is packaged into the reimbursement for other services, including outliers.
 - Procedure code 36591 has status indicator Q1 denoting STVX-packaged codes; payment for these services is packaged into the payment for any other procedures with status indicators S, T, V, or X that are billed for the same date of service. This code may be separately payable only if no other such procedures are billed for the same date. Review of the submitted information finds that OPPS criteria for separate payment have not been met. Payment for this service is included in the payment for procedure code 29888 billed on the same claim. Separate payment is not recommended.

- Procedure code 84703 has status indicator N denoting packaged items and services with no separate APC payment; payment is packaged into the reimbursement for other services, including outliers.
 - Procedure code 29888 has status indicator T denoting a significant procedure subject to multiple-procedure discounting. The highest paying status T procedure is paid at 100%; all others are paid at 50%. This procedure is paid at 100%. These services are classified under APC 0052, which, per OPPS Addendum A, has a payment rate of \$6,322.79. This amount multiplied by 60% yields an unadjusted labor-related amount of \$3,793.67. This amount multiplied by the annual wage index for this facility of 0.9512 yields an adjusted labor-related amount of \$3,608.54. The non-labor related portion is 40% of the APC rate or \$2,529.12. The sum of the labor and non-labor related amounts is \$6,137.66. Per 42 Code of Federal Regulations §419.43(d) and Medicare Claims Processing Manual, CMS Publication 100-04, Chapter 4, §10.7.1, if the total cost for a service exceeds 1.75 times the OPPS payment and also exceeds the annual fixed-dollar threshold of \$2,775, the outlier payment is 50% of the amount by which the cost exceeds 1.75 times the OPPS payment. Per the OPPS Facility-Specific Impacts file, CMS lists the cost-to-charge ratio for this provider as 0.174. This ratio multiplied by the billed charge of \$12,581.25 yields a cost of \$2,189.14. The total cost of all packaged items is allocated proportionately across all separately paid OPPS services based on the percentage of the total APC payment. The APC payment for these services of \$6,137.66 divided by the sum of all APC payments is 100.00%. The sum of all packaged costs is \$2,217.40. The allocated portion of packaged costs is \$2,217.40. This amount added to the service cost yields a total cost of \$4,406.54. The cost of these services exceeds the annual fixed-dollar threshold of \$2,775. The amount by which the cost exceeds 1.75 times the OPPS payment is \$0.00. The total Medicare facility specific reimbursement amount for this line is \$6,137.66. This amount multiplied by 200% yields a MAR of \$12,275.32.
 - Procedure code J0131 has status indicator N denoting packaged items and services with no separate APC payment; payment is packaged into the reimbursement for other services, including outliers.
 - Procedure code J0690 has status indicator N denoting packaged items and services with no separate APC payment; payment is packaged into the reimbursement for other services, including outliers.
 - Procedure code J1100 has status indicator N denoting packaged items and services with no separate APC payment; payment is packaged into the reimbursement for other services, including outliers.
 - Procedure code J1170 has status indicator N denoting packaged items and services with no separate APC payment; payment is packaged into the reimbursement for other services, including outliers.
 - Procedure code J1885 has status indicator N denoting packaged items and services with no separate APC payment; payment is packaged into the reimbursement for other services, including outliers.
 - Procedure code J2001 has status indicator N denoting packaged items and services with no separate APC payment; payment is packaged into the reimbursement for other services, including outliers.
 - Procedure code J2250 has status indicator N denoting packaged items and services with no separate APC payment; payment is packaged into the reimbursement for other services, including outliers.
 - Procedure code J2405 has status indicator N denoting packaged items and services with no separate APC payment; payment is packaged into the reimbursement for other services, including outliers.
 - Procedure code J2704 has status indicator N denoting packaged items and services with no separate APC payment; payment is packaged into the reimbursement for other services, including outliers.
 - Procedure code J3010 has status indicator N denoting packaged items and services with no separate APC payment; payment is packaged into the reimbursement for other services, including outliers.
3. The total allowable reimbursement for the services in dispute is \$12,275.32. This amount less the amount previously paid by the insurance carrier of \$12,275.32 leaves an amount due to the requestor of \$0.00. No additional reimbursement can be recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has not established that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 additional reimbursement for the services in dispute.
