SUMMARY OF FINDINGS

Table with 4 columns: Dates of Service, Disputed Services, Amount In Dispute, Amount Due. Rows include service dates from May 8, 2015 to August 14, 2015, with a total row at the bottom.

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.204, effective March 1, 2008, sets out medical fee guidelines for workers' compensation specific services.
3. 28 Texas Administrative Code §134.203, effective March 1, 2008, sets out the reimbursement guidelines for professional services.
4. 28 Texas Administrative Code §129.5, effective July 16, 2000, sets out the procedure for reporting and billing work status reports.
5. Neither party to the dispute submitted explanation of benefits to support the denial of payment/issue in dispute.
6. The Division placed a copy of the Medical Fee Dispute Resolution request in the insurance carrier's Austin representative box, which was acknowledged received on March 11, 2016. Per 28 Texas Administrative Code §133.307(d)(1), "The response will be deemed timely if received by the division via mail service, personal delivery, or facsimile within 14 calendar days after the date the respondent received the copy of the requestor's dispute. If the division does not receive the response information within 14 calendar days of the dispute notification, then the division may base its decision on the available information." The insurance carrier did not submit any response for consideration in this dispute. Accordingly, this decision is based on the information available at the time of review.

Issues

1. Was the dispute filed in the form and manner required by 28 Texas Administrative Code §133.307 ?
2. Does the documentation support billing code 99214? Is the requestor entitled to reimbursement?
3. Does the documentation support billing code 99080-73? Is the requestor entitled to reimbursement?

Findings

1. 28 Texas Administrative Code §133.307 (c)(2)(K) requires the requestor to submit "a paper copy of each explanation of benefits (EOB) related to the dispute as originally submitted to the health care provider in accordance with this chapter or, if no EOB was received, convincing documentation providing evidence of insurance carrier receipt of the request for an EOB" A review of the submitted documentation finds that the requestor did not submit any EOBs or convincing documentation requesting an EOB.

28 Texas Administrative Code §133.307 (c)(2)(M) requires the requestor to submit "a copy of all applicable medical records related to the dates of service in dispute." A review of the submitted documentation finds that the requestor did not submit any medical records to support the disputed billed services.

The Division finds that the dispute was not filed in the form and manner required by 28 Texas Administrative Code §133.307(c).

2. 28 Texas Administrative Code §134.203(a)(5) states "Medicare payment policies" when used in this section, shall mean reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare."

CPT code 99214 is defined as "Office or other outpatient visit for the evaluation and management of a new patient, which requires these 3 key components: A comprehensive history; A comprehensive examination; Medical decision making of moderate complexity. Counseling and/or coordination of care with other physicians, other qualified health care professionals, or agencies are provided consistent with the nature of the problem(s) and the patient's and/or family's needs. Usually, the presenting problem(s) are of moderate to high severity. Typically, 45 minutes are spent face-to-face with the patient and/or family."

The Division finds that the requestor did not submit medical reports to support billing code 99214; therefore, reimbursement is not recommended.

3. CPT code 99080-73 is defined as "Special reports such as insurance forms, more than the information conveyed in the usual medical communications or standard reporting form."

28 Texas Administrative Code §134.204 (l) states “The following shall apply to Work Status Reports. When billing for a Work Status Report that is not conducted as a part of the examinations outlined in subsections (i) and (j) of this section, refer to §129.5 of this title (relating to Work Status Reports).”

28 Texas Administrative Code §129.5(i)(1) states “Notwithstanding any other provision of this title, a doctor may bill for, and a carrier shall reimburse, filing a complete Work Status Report required under this section or for providing a subsequent copy of a Work Status Report which was previously filed because the carrier, its agent, or the employer through its carrier, asks for an extra copy. The amount of reimbursement shall be \$15. A doctor shall not bill in excess of \$15 and shall not bill or be entitled to reimbursement for a Work Status Report which is not reimbursable under this section. Doctors are not required to submit a copy of the report being billed for with the bill if the report was previously provided. Doctors billing for Work Status Reports as permitted by this section shall do so as follows: (1) CPT code "99080" with modifier "73" shall be used when the doctor is billing for a report required under subsections (d)(1), (d)(2), and (f) of this section.”

28 Texas Administrative Code §129.5 (d)(1) and (2) states “The doctor shall file the Work Status Report:

(1) after the initial examination of the employee, regardless of the employee's work status;

(2) when the employee experiences a change in work status or a substantial change in activity restrictions.”

The Division finds that the requestor did not submit work status reports to support billing code 99080-73 in accordance with 28 Texas Administrative Code §129.5. As a result, reimbursement is not recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has not established that reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
