FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.530 sets out requirements for pharmacy services not subject to certified networks.
3. 28 Texas Administrative Code §134.503 sets out the fee guidelines for pharmacy services not subject to a certified network.

4. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
   - D71 – Payment disallowed: Lack of authorization: No authorization given for service rendered

Issues

1. Is the carrier's denial supported?
2. What is the applicable rule and fee guideline that pertains to the services in dispute?
3. Based on applicable fee schedule is payment due?

Findings

1. The carrier denied the disputed services as D71 – "Payment disallowed: Lack of authorization: No authorization given for service rendered." 28 Texas Administrative Code 134.530(b) states,

> Preauthorization for claims subject to the Division's closed formulary.
>
> (1) Preauthorization is only required for:
>
> (A) drugs identified with a status of "N" in the current edition of the ODG Treatment in Workers' Comp (ODG) / Appendix A, ODG Workers' Compensation Drug Formulary, and any updates;
>
> (B) any compound that contains a drug identified with a status of "N" in the current edition of the ODG Treatment in Workers' Comp (ODG) / Appendix A, ODG Workers' Compensation Drug Formulary, and any updates; and
>
> (C) any investigational or experimental drug for which there is early, developing scientific or clinical evidence demonstrating the potential efficacy of the treatment, but which is not yet broadly accepted as the prevailing standard of care as defined in Labor Code §413.014(a).

28 Texas Administrative Code 134.530 (d) states,

> Treatment guidelines. Except as provided by this subsection, the prescribing of drugs shall be in accordance with §137.100 of this title (relating to Treatment Guidelines), the division's adopted treatment guidelines.
>
> (1) Prescription and nonprescription drugs included in the division's closed formulary and recommended by the division's adopted treatment guidelines may be prescribed and dispensed without preauthorization.
>
> (2) Prescription and nonprescription drugs included in the division's closed formulary that exceed or are not addressed by the division's adopted treatment guidelines may be prescribed and dispensed without preauthorization.
>
> (3) Drugs included in the closed formulary that are prescribed and dispensed without preauthorization are subject to retrospective review of medical necessity and reasonableness of health care by the insurance carrier in accordance with subsection (g) of this section.

Pursuant to provisions of Rule 134.530 (b) and (d), as none of the services in dispute, (Baclofen, Amantadine, Gabapentin, Amitriptyline, and Bupivacaine) were found to have a Status "N" at the ODG Appendix A, authorization was not required prior to dispensing of medication. The carrier's denial is not supported.

2. 28 Texas Administrative Code §134.503(c)(1)states,

> The insurance carrier shall reimburse the health care provider or pharmacy processing agent for prescription drugs the lesser of:
>
> (1) the fee established by the following formulas based on the average wholesale price (AWP) as reported by a nationally recognized pharmaceutical price guide or other publication of pharmaceutical pricing data in effect on the day the prescription drug is dispensed:
>
> (A) Generic drugs: ((AWP per unit) x (number of units) x 1.25) + $4.00 dispensing fee per prescription = reimbursement amount;

(B) Brand name drugs: ((AWP per unit) x (number of units) x 1.09) + $4.00 dispensing fee per prescription = reimbursement amount;

(C) When compounding, a single compounding fee of $15 per prescription shall be added to the calculated total for either paragraph (1)(A) or (B) of this subsection

The total allowable reimbursement will be calculated based on the submitted NDC and reported units as follows:

Date of Service	Prescribed Medication	Units	Amount billed	MAR (AWP) x units x 1.25 + $4.00
May 15, 2015	Baclofen	5	$184.68	35.63000 x 5 x 1.25 + $4.00 = $226.69
May 15, 2015	Amantadine	3	$38.46	24.22500 x 3 x 1.25 + $4.00 = $94.84
May 15, 2015	Gabapentin	4	$188.10	59.85000 x 4 x 1.25 + $4.00 = $303.25
May 15, 2015	Amitriptyline	2	$30.70	18.24000 x 2 x 1.25 + $4.00 = $49.60
May 15, 2015	Bupivicaine	1	$48.02	45.60000 x 1 x 1.25 + $4.00 = $61.00
May 29, 2015	Baclofen	5	$184.68	35.63000 x 5 x 1.25 + $4.00 = $226.69
May 29, 2015	Amantadine	3	$38.46	24.22500 x 3 x 1.25 + $4.00 = $94.84
May 29, 2015	Gabapentin	4	$188.10	59.85000 x 4 x 1.25 + $4.00 = $303.25
May 29, 2015	Amitriptyline	2	$30.70	18.24000 x 2 x 1.25 + $4.00 = $49.60
May 29, 2015	Bupivicaine	1	$48.02	45.60000 x 1 x 1.25 + $4.00 = $61.00
			Total	$1,470.76

3. The total allowable based on the submitted claims' NDC numbers and units dispensed, is $1,470.76. The requestor is seeking $979.92. Pursuant to applicable fee guidelines this amount is allowed.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is $979.92.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code Sections 413.031 and 413.019 (if applicable), the Division has determined that the requestor is entitled to additional reimbursement for the services in dispute. The Division hereby ORDERS the respondent to remit to the requestor the amount of $979.92 plus applicable accrued interest per 28 Texas Administrative Code §134.130 due within 30 days of receipt of this Order.
