**FINDINGS AND DECISION**

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

**Background**

- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
- 28 Texas Administrative Code §134.203 sets out the reimbursement guidelines for professional medical services.
- The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
  - 243 – The charge for this procedure was not paid since the value of this procedure is included/bundled within the value of another procedure performed.
  - 97 – Allowance included in another service.
  - 16 – Claim/service lacks information which is needed for adjudication.

- 251 – The attachment / other documentation that was received was incomplete or deficient.

### **Issues**

1. Is the respondent's position supported?
2. Are the insurance carrier's reasons for denial or reduction of payment supported?
3. What is the applicable rule pertaining to reimbursement?
4. Is the requestor entitled to additional reimbursement?

### **Findings**

1. The respondent states in their position statement, "The Provider's Table of Disputed Services reflects that the Carrier has not issued any reimbursement for the services at issue. This is clearly incorrect as the Explanation of Reimbursement in the Provider's Request for Medical Fee Dispute Resolution clearly show the Carrier issued reimbursement in the amount of \$137.80." The Division reviewed the Explanation of Benefits dated March 4, 2016 and found Proced-Mod G0431 was indicated as "Paid" in the amount of \$137.08. No other codes in dispute were paid. The requestor has not listed this code on DWC - 060. Therefore, the carrier's position as a payment made on the services in dispute is not supported.
2. The insurance carrier denied disputed services with claim adjustment reason code 97 – "Allowance included in another service." 28 TAC §134.203(b)(1) states that

For coding, billing, reporting, and reimbursement of professional medical services, Texas workers' compensation system participants shall apply the following:

- (1) Medicare payment policies, including its coding; billing; correct coding initiative (CCI) edits; modifiers; bonus payments for health professional shortage areas (HPSAs) and physician scarcity areas (PSAs); and other payment policies in effect on the date a service is provided with any additions or exceptions in the rules." §134.203(a)(5) states that "'Medicare payment policies' when used in this section, shall mean reimbursement methodologies, models, values and weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare.

The services in dispute are clinical laboratory services; therefore, Medicare policies for the clinical laboratory services must be met. The services in dispute are addressed in the CMS Clinical Laboratory Fee Schedule. The requestor billed.

G6031 – Assay of benzodiazepines

G6041 – Assay of urine alkaloids

G6045 – Assay of dihydrocodeinone

G6046 – Assay of dihydromorphinone

G6051 – Assay of flurazepam

G6056 – Assay of opiates

Review of the medical bill finds that current AMA CPT Codes were billed. The requestor met 28 TAC §134.203. The carrier's denial is not supported. The services will be reviewed per applicable rules and fee guidelines.

3. The services in dispute are eligible for payment. 28 TAC §134.203(e) states:

"The MAR for pathology and laboratory services not addressed in subsection (c)(1) of this section or in other Division rules shall be determined as follows:

- (1) 125 percent of the fee listed for the code in the Medicare Clinical Fee Schedule for the technical component of the service; and
- (2) 45 percent of the Division established MAR for the code derived in paragraph (1) of this subsection for the professional component of the service."

CMS payment policy files identify those clinical laboratory codes which contain a professional component, and those which are considered technical only. The codes in dispute are not identified by CMS as having a

possible professional component, for that reason, the MAR is determined solely pursuant to 28 TAC §134.203(e)(1). The maximum allowable reimbursement(MAR) for the services in dispute is 125% of the fee listed for the codes in the 2015 Clinical Diagnostic Laboratory Fee Schedule found on the Centers for Medicare and Medicaid Services website at <http://www.cms.gov>.

The maximum allowable reimbursement is calculated as follows:

Date of Service	Submitted Code	Allowable	MAR
November 18, 2015	G6031	\$25.17	\$25.17 X 125% = \$31.46
November 18, 2015	G6041	\$40.85	\$40.85 X 125% = \$51.06
November 18, 2015	G6045	\$28.10	\$28.10 X 125% = \$35.12
November 18, 2015	G6046	\$34.98	\$34.98 X 125% = \$43.72
November 18, 2015	G6051	\$26.94	\$26.94 X 125% = \$33.67
November 18, 2015	G6056	\$26.48	\$26.48 X 125% = \$33.10
		Total	\$228.13

- The maximum allowable reimbursement for the services in dispute is \$228.13. The requestor is seeking \$208.70. This amount is recommended.

**Conclusion**

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$208.70.

***ORDER***

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code Sections 413.031 and 413.019 (if applicable), the Division has determined that the requestor is entitled to additional reimbursement for the services in dispute. The Division hereby ORDERS the respondent to remit to the requestor the amount of \$208.70 plus applicable accrued interest per 28 Texas Administrative Code §134.130 due within 30 days of receipt of this Order.
