**FINDINGS AND DECISION**

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

**Background**

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §133.240 sets out the procedures for payment or denial of medical bills.
3. 28 Texas Administrative Code §134.503 sets out the fee guidelines for pharmaceutical services.
4. 28 Texas Administrative Code §134.530 sets out the requirements for use of the closed formulary for claims not subject to certified networks.

5. 28 Texas Administrative Code §19.2003 provides definitions for terms related to utilization reviews.
6. 28 Texas Administrative Code §19.2009 sets out the procedures for notices of determination of utilization reviews.
7. 28 Texas Administrative Code §19.2010 provides the requirements prior to issuing adverse determinations of utilization review.
8. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
  - X435 – Based on peer review, further treatment is not recommended.

### **Issues**

1. Did the insurance carrier appropriately raise medical necessity for this dispute?
2. What is the total allowance for the disputed services?
3. Is the requestor entitled to reimbursement for the disputed services?

### **Findings**

1. The insurance carrier denied disputed services with claim adjustment reason code X435 – “BASED ON PEER REVIEW, FURTHER TREATMENT IS NOT RECOMMENDED.” 28 Texas Administrative Code §134.530(d) states, in relevant part:

... Except as provided by this subsection, the prescribing of drugs shall be in accordance with §137.100 of this title (relating to Treatment Guidelines), the division's adopted treatment guidelines.

- (1) Prescription and nonprescription drugs included in the division's closed formulary and recommended by the division's adopted treatment guidelines may be prescribed and dispensed without preauthorization.
- (2) Prescription and nonprescription drugs included in the division's closed formulary that exceed or are not addressed by the division's adopted treatment guidelines may be prescribed and dispensed without preauthorization.
- (3) Drugs included in the closed formulary that are prescribed and dispensed without preauthorization are subject to retrospective review of medical necessity and reasonableness of health care by the insurance carrier in accordance with subsection (g) of this section.

The division finds that the medication in question is a compound composed of drugs included in the closed formulary. 28 Texas Administrative Code §134.530(g) states, in relevant part:

Except as provided in subsection (f)(1) of this section, drugs that do not require preauthorization are subject to retrospective review for medical necessity in accordance with §133.230 of this title (relating to Insurance Carrier Audit of a Medical Bill) and §133.240 of this title (relating to Medical Payments and Denials), and applicable provisions of Chapter 19 of this title.

28 Texas Administrative Code §133.240(q) states, in relevant part,

When denying payment due to an adverse determination under this section, the insurance carrier shall comply with the requirements of §19.2009 of this title ... Additionally, in any instance where the insurance carrier is questioning the medical necessity or appropriateness of the health care services, the insurance carrier shall comply with the requirements of §19.2010 of this title ..., including the requirement that prior to issuance of an adverse determination the insurance carrier shall afford the health care provider a reasonable opportunity to discuss the billed health care with a doctor ...

Submitted documentation does not support that the insurance carrier followed the appropriate procedures for a retrospective review denial of the disputed services required by 28 Texas Administrative Code §133.240(q). Therefore, the insurance carrier did not appropriately raise medical necessity for this dispute.

2. The total reimbursement for the disputed services is established by the AWP formula pursuant to 28 Texas Administrative Code §134.503(c), which states, in relevant part:

The insurance carrier shall reimburse the health care provider or pharmacy processing agent for prescription drugs the lesser of:

- (1) the fee established by the following formulas based on the average wholesale price (AWP) as reported by a nationally recognized pharmaceutical price guide or other publication of pharmaceutical pricing data in effect on the day the prescription drug is dispensed:
  - (A) Generic drugs:  $((\text{AWP per unit}) \times (\text{number of units}) \times 1.25) + \$4.00$  dispensing fee per prescription = reimbursement amount;
  - (B) Brand name drugs:  $((\text{AWP per unit}) \times (\text{number of units}) \times 1.09) + \$4.00$  dispensing fee per prescription = reimbursement amount;
  - (C) When compounding, a single compounding fee of \$15 per prescription shall be added to the calculated total for either paragraph (1)(A) or (B) of this subsection; or
- (2) notwithstanding §133.20(e)(1) of this title (relating to Medical Bill Submission by Health Care Provider), the amount billed to the insurance carrier by the:
  - (A) health care provider...

1/12/16	Gabapentin	$(59.85 \times 718.2 \times 1.09) + \$4.00 = \$53,734.34$	\$718.20	\$718.20	\$0.00	\$718.20
1/12/16	Versatile Base Cream	$(2.50 \times 170.4 \times 1.25) + \$4.00 = \$536.50$	\$426.00	\$426.00	\$0.00	\$426.00

3. The total allowable for the disputed services is \$2289.71. The insurance carrier paid \$0.00. A reimbursement of \$2289.71 is recommended.
