#### FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

#### **Background**

- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes
- 28 Texas Administrative Code §134.503 sets out the reimbursement for compound medications
- Explanation of Benefits:
  - P12 – Workers' Compensation Jurisdictional Fee Schedule Adjustment.
  - 790 – This charge was reimbursed in accordance to the Texas Medical Fee Guideline.

## **Findings**

The Division makes the following conclusions based upon the information and documentation presented to the Division to date. Even though all the evidence was not discussed, it was considered.

### *1. Did the carrier make a payment for the disputed services?*

Memorial Compounding Rx (Memorial) asserts that it did not receive payment from the carrier up to the date that it filed this medical fee dispute. Applicable Texas Labor Code Sec. 408.027 (b) obligates the carrier to take final action by paying, reducing or denying the disputed services and issuing an explanation of benefits within 45 days after it has received the complete medical bill.

Review of the explanation of benefits and position statement provided by the carrier finds:

- that the carrier received the bill for the disputed services on April 18, 2017;
- that an explanation of benefits was issued on June 5, 2017 to Memorial Compounding Pharmacy;
- that a payment in the amount of \$15.31 was issued on to Memorial June 5, 2017; and
- that the payment was made via check number 000002048859.

The carrier issued the payment and an explanation of benefits within the timeframes specified by TLC 408.027(b), Memorial's assertion that it did not receive any correspondence is unsupported.

The Division concludes that the carrier made a timely payment to Memorial for the disputed services prior to the filing of this medical fee dispute.

### *2. Is additional reimbursement due?*

The carrier reduced the billed amount to a total payment of \$15.31 citing the workers' compensation fee schedule as its reason for the reduction. Rule at 28 Texas Administrative Code §134.503(c) applies and states, in pertinent part, that the insurance carrier shall reimburse the lesser of: (1) the fee established by the Division's applicable formula based on the average wholesale price (AWP) as reported by a nationally recognized pharmaceutical price guide or other publication of pharmaceutical pricing data in effect on the day the prescription drug is dispensed; or (2) the amount billed to the insurance carrier.

Memorial has requested reimbursement in the amount of \$66.55. Memorial has the burden to support its request for this amount. In its original position statement, Memorial did not demonstrate how it arrived at the disputed amount. After Memorial was notified by the Division's medical fee dispute resolution program of the carrier's response, it did not take the opportunity to refute the carrier's payment calculation or the carrier's explanation of payment. For those reasons, the Division moves to resolve this dispute with the information available and concludes that no additional reimbursement can be recommended.

## **Conclusion**

The Division concludes that Memorial has failed to support its request for additional reimbursement. As a result, the amount ordered is \$0.00.

**ORDER**

Based on the submitted information, and pursuant to Texas Labor Code Section 413.031, the division has determined that the requestor is not entitled to additional reimbursement for the services in dispute.
