FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.502 sets out the procedures for pharmaceutical benefits.
3. 28 Texas Administrative Code §134.503 sets out the fee guidelines for pharmaceutical services.
4. 28 Texas Administrative Code §134.530 sets out the closed formulary requirements for claims not subject to certified networks.

5. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
- Denied – Medication Not Authorized

Issues

1. Did Broadspire raise a new defense pursuant to 28 Texas Administrative Code §133.307?
2. Is Ace American Insurance Co's reason for denial of payment supported?
3. Is Memorial Compounding Pharmacy entitled to reimbursement for the compound in question?

Findings

1. In its position statement, Broadspire argued on behalf of XL Specialty Insurance Co, "Payment has been denied as the medication was not found to be medically necessary."

28 Texas Administrative Code §133.307(d)(2)(F) states, in relevant part, "The response shall address only those denial reasons presented to the requestor prior to the date the request for MFDR was filed with the division and the other party. Any new denial reasons or defenses raised shall not be considered in the review."

Review of the submitted documentation finds that XL Specialty Insurance Co failed to present a medical necessity denial to Memorial Compounding Pharmacy in accordance with 28 Texas Administrative Code §133.240 prior to the date the request for medical fee dispute resolution (MFDR) was filed. The division concludes that this defense presented in Broadspire's position statement shall not be considered for review because this assertion constitutes a new defense pursuant to 28 Texas Administrative Code §133.307(d)(2)(F).

2. Memorial Compounding Pharmacy is seeking reimbursement of \$489.98 for a compound dispensed on May 27, 2017. XL Specialty Insurance Co denied the disputed compound as "Denied – Medication Not Authorized."

28 Texas Administrative Code §134.530(b)(2) states that preauthorization is **only** required for:

- drugs identified with a status of "N" in the current edition of the *ODG Treatment in Workers' Comp (ODG) / Appendix A, ODG Workers' Compensation Drug Formulary*, and any updates;
- any compound that contains a drug identified with a status of "N" in the current edition of the *ODG Treatment in Workers' Comp (ODG) / Appendix A, ODG Workers' Compensation Drug Formulary*, and any updates; and
- any investigational or experimental drug for which there is early, developing scientific or clinical evidence demonstrating the potential efficacy of the treatment, but which is not yet broadly accepted as the prevailing standard of care as defined in Labor Code §413.014(a).

The division finds that the compound in question does not include a drug identified with a status of "N" in the current edition of the ODG, *Appendix A*. XL Specialty Insurance Co failed to articulate any arguments to support its denial for preauthorization. Therefore, the division concludes that the compound in question did not require preauthorization and XL Specialty Insurance Co's denial of payment for this reason is not supported. Therefore, the disputed compound will be reviewed for reimbursement.

3. 28 Texas Administrative Code §134.503 applies to the compounds in dispute and states, in pertinent part:
 - (c) The insurance carrier shall reimburse the health care provider or pharmacy processing agent for prescription drugs the lesser of:
 - (1) the fee established by the following formulas based on the average wholesale price (AWP) as reported by a nationally recognized pharmaceutical price guide or other publication of pharmaceutical pricing data in effect on the day the prescription drug is dispensed:
 - (A) Generic drugs: $((AWP \text{ per unit}) \times (\text{number of units}) \times 1.25) + \4.00 dispensing fee per prescription = reimbursement amount;
 - (B) Brand name drugs: $((AWP \text{ per unit}) \times (\text{number of units}) \times 1.09) + \4.00 dispensing fee per prescription = reimbursement amount;

- (C) When compounding, a single compounding fee of \$15 per prescription shall be added to the calculated total for either paragraph (1)(A) or (B) of this subsection; or
- (2) notwithstanding §133.20(e)(1) of this title (relating to Medical Bill Submission by Health Care Provider), the amount billed to the insurance carrier by the:
- (A) health care provider; or
- (B) pharmacy processing agent only if the health care provider has not previously billed the insurance carrier for the prescription drug and the pharmacy processing agent is billing on behalf of the health care provider.

The compound in dispute was billed by listing each drug included in the compound and calculating the charge for each drug separately as required by 28 Texas Administrative Code §134.502(d)(2). Each ingredient is listed below with its corresponding reimbursement amount as applicable.

Ingredient	NDC & Type	Price/Unit	Total Units	AWP Formula §134.503(c)(1)	Billed Amt §134.503(c)(2)	Lesser of (c)(1) and (c)(2)
Tramadol 110%	38779237409 Generic	\$36.30	60	\$2,726.50	\$489.98	\$489.98
					Total	\$489.98

The total reimbursement is \$489.98. This amount is recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$489.98

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the division has determined the requestor is entitled to additional reimbursement for the disputed services. The division hereby ORDERS the respondent to remit to the requestor \$489.98, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.
