Background

- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.

 - B291 – This is a bundled or non covered procedure based on Medicare guidelines; no separate payment allowed

Issues

1. Did the requestor waive the right to medical fee dispute resolution?

Findings

1. 28 Texas Administrative Code §133.307(c)(1) states:

Timeliness. A requestor shall timely file the request with the division's MFDR Section or waive the right to MFDR. The division shall deem a request to be filed on the date the MFDR Section receives the request. A decision by the MFDR Section that a request was not timely filed is not a dismissal and may be appealed pursuant to subsection (g) of this section.

(A) A request for MFDR that does not involve issues identified in subparagraph (B) of this paragraph shall be filed no later than one year after the date(s) of service in dispute

(B) A request may be filed later than one year after the date(s) of service if:

(i) a related compensability, extent of injury, or liability dispute under Labor Code Chapter 410 has been filed, the medical fee dispute shall be filed not later than 60 days after the date the requestor receives the final decision, inclusive of all appeals, on compensability, extent of injury, or liability;

(ii) a medical dispute regarding medical necessity has been filed, the medical fee dispute must be filed not later than 60 days after the date the requestor received the final decision on medical necessity, inclusive of all appeals, related to the health care in dispute and for which the insurance carrier previously denied payment based on medical necessity; or

(iii) the dispute relates to a refund notice issued pursuant to a division audit or review, the medical fee dispute must be filed not later than 60 days after the date of the receipt of a refund notice.

The date of the service in dispute is January 16, 2017. The request for medical dispute resolution was received in the Medical Dispute Resolution (MDR) section on February 16, 2018. This date is later than one year after the date(s) of service in dispute.

Review of the submitted documentation finds that the disputed services do not involve issues identified in §133.307, subparagraph (B).

The Division concludes that the requestor has failed to timely file this dispute with the Division’s MDR Section; consequently, the requestor has waived the right to medical fee dispute resolution.

Conclusion

The Division finds that the requestor has waived the right to medical fee dispute resolution for the services in dispute. For that reason, the merits of the issues raised by both parties to this dispute have not been addressed.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
