FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
- 28 Texas Administrative Code §133.240 sets out the requirements for medical payments and denials.
- 28 Texas Administrative Code §134.502 sets out the procedures for pharmaceutical benefits.
- 28 Texas Administrative Code §134.503 sets out the fee guidelines for pharmaceutical services.
- The carrier denied with the following reason codes:
 - 197 – Precertification/authorization/absent

Issues

1. Was the provider notified of adverse determination?
2. Is the carrier's reason for denial of payment supported?
3. Is the requestor entitled to reimbursement for the compound in question?

Findings

1. The requestor is seeking reimbursement of \$726.62 for a compound dispensed on July 14, 2017. The carrier states in their position statement, "... the whole formulation is not reasonable and medically necessary."

28 Texas Administrative Code §133.240 (q) states,

When denying payment due to an adverse determination under this section, the insurance carrier shall comply with the requirements of §19.2009 of this title (relating to Notice of Determinations Made in Utilization Review). Additionally, in any instance where the insurance carrier is questioning the medical necessity or appropriateness of the health care services, the insurance carrier shall comply with the requirements of §19.2010 of this title (relating to Requirements Prior to Issuing Adverse Determination), including the requirement that prior to issuance of an adverse determination the insurance carrier shall afford the health care provider a reasonable opportunity to discuss the billed health care with a doctor or, in cases of a dental plan or chiropractic services, with a dentist or chiropractor, respectively

Insufficient evidence was found to support the health care provider was given an opportunity to discuss the services in dispute prior to the letter issuing a medical necessity denial. Therefore, this information will not be considered in this dispute.

2. The reason code on the explanation of benefits states, "197 – Precertification/authorization/notification absent." 28 Texas Administrative Code §134.530(b)(2) states that preauthorization is **only** required for:
 - drugs identified with a status of "N" in the current edition of the *ODG Treatment in Workers' Comp* (ODG) / Appendix A, *ODG Workers' Compensation Drug Formulary*, and any updates;
 - any compound that contains a drug identified with a status of "N" in the current edition of the *ODG Treatment in Workers' Comp* (ODG) / Appendix A, *ODG Workers' Compensation Drug Formulary*, and any updates; and
 - any investigational or experimental drug for which there is early, developing scientific or clinical evidence demonstrating the potential efficacy of the treatment, but which is not yet broadly accepted as the prevailing standard of care as defined in Labor Code §413.014(a).

The division finds that the compound in question does not include a drug identified with a status of "N" in the current edition of the ODG, *Appendix A*. Therefore, the division concludes that the compound in question did not require preauthorization and the carrier's denial of payment for this reason is not supported. Therefore, the disputed compound will be reviewed for reimbursement.

3. 28 Texas Administrative Code §134.503 applies to the compound in dispute and states, in pertinent part:
 - (c) The insurance carrier shall reimburse the health care provider or pharmacy processing agent for prescription drugs the lesser of:
 - (1) the fee established by the following formulas based on the average wholesale price (AWP) as reported by a nationally recognized pharmaceutical price guide or other publication of pharmaceutical pricing data in effect on the day the prescription drug is dispensed:
 - (A) Generic drugs: $((\text{AWP per unit}) \times (\text{number of units}) \times 1.25) + \4.00 dispensing fee per prescription = reimbursement amount;
 - (B) Brand name drugs: $((\text{AWP per unit}) \times (\text{number of units}) \times 1.09) + \4.00 dispensing fee per prescription = reimbursement amount;
 - (C) When compounding, a single compounding fee of \$15 per prescription shall be added to the calculated total for either paragraph (1)(A) or (B) of this subsection; or
 - (2) notwithstanding §133.20(e)(1) of this title (relating to Medical Bill Submission by Health Care Provider), the amount billed to the insurance carrier by the:
 - (A) health care provider; or

(B) pharmacy processing agent only if the health care provider has not previously billed the insurance carrier for the prescription drug and the pharmacy processing agent is billing on behalf of the health care provider.

The compound in dispute was billed by listing each drug included in the compound and calculating the charge for each drug separately as required by 28 Texas Administrative Code §134.502(d)(2). Each ingredient is listed below with its corresponding reimbursement amount as applicable.

Ingredient	NDC	Price/Unit	Total Units	AWP Formula §134.503(c)(1)	Billed Amt §134.503(c)(2)	Lesser of (c)(1) and (c)(2)

Cyclobenzaprine	38779039509	\$46.332	1.8	\$104.24	\$83.39	\$83.39

Versapro Cream	38779252903	\$3.20	45.02	\$157.03	\$144.06	\$144.06
Compounding Fee	n/a	\$15.00	1	n/a	\$15.00	\$15.00
					Total	\$726.62

The total reimbursement is therefore \$726.62. This amount is recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$726.62.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the division has determined the requestor is entitled to additional reimbursement for the disputed services. The division hereby ORDERS the respondent to remit to the requestor \$726.62, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.
