FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.240 sets out the general medical provisions for medical payments and denials.
2. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.

3. 28 Texas Administrative Code §134.502 sets out the procedures for pharmaceutical benefits.
4. 28 Texas Administrative Code §134.503 sets out the fee guidelines for pharmaceutical services.
5. 28 Texas Administrative Code §134.530 sets out the closed formulary requirements for claims not subject to certified networks.
6. 28 Texas Administrative Code §19.2009 sets out the notice of determinations made in utilization review.
7. 28 Texas Administrative Code §19.2010 sets out the requirements prior to issuing adverse determination.
8. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
 - 216 – Based on the findings of a review organization
 - 39 – Services denied at the time of authorization/precertification was requested
 - 50 – These are non-covered services because this is not deemed a medical necessity by the payer
 - 193 – Original payment decision is being maintained. Upon re view, it was determined that this claim was processed properly
 - W3 – In accordance with TDI-DWC Rule 134.804, this bill has been identified as a request for reconsideration or appeal

Issues

1. Is Graphic Arts Mutual Insurance’s reason for denial of payment supported?
2. Is Memorial Compounding Pharmacy (Memorial) entitled to reimbursement for the compound in question?

Findings

1. Memorial is seeking reimbursement for drug(s) dispensed on October 06, 2017.

Graphic Arts Mutual Insurance denied the disputed drugs with claim adjustment reason code 216 – “Based on the findings of a review organization”, 39 – “Services denied at the time of authorization/precertification was requested”, 50 – “These are non-covered services because this is not deemed a medical necessity by the payer”, 193 – “Original payment decision is being maintained. Upon review, it was determined that this claim was processed properly” and W3 – “In accordance with TDI-DWC Rule 134.804, this bill has been identified as a request for reconsideration or appeal.”

28 Texas Administrative Code §133.305(b) requires that “If a dispute regarding...medical necessity exists for the same service for which there is a medical fee dispute, the disputes regarding...medical necessity shall be resolved prior to the submission of a medical fee dispute for the same services in accordance with Labor Code §413.031 and §408.021.”

28 Texas Administrative Code §133.240(q) states that the insurance carrier is required to comply with 28 Texas Administrative Codes §19.2009 and 19.2010 when denying payment based on an adverse determination.

Review of the submitted documentation finds that UTICA provided evidence that does not support that Graphic Arts Mutual Insurance performed a utilization review as required by 28 Texas Administrative Codes §134.240 and 19.2009.

Graphic Arts Mutual Insurance’s denial reason is therefore not sufficiently supported. The disputed drug(s) will consequently be reviewed per applicable guidelines.

2. 28 Texas Administrative Code §134.503 applies to the compounds in dispute and states, in pertinent part:
 - (c) The insurance carrier shall reimburse the health care provider or pharmacy processing agent for prescription drugs the lesser of:
 - (1) the fee established by the following formulas based on the average wholesale price (AWP) as reported by a nationally recognized pharmaceutical price guide or other publication of pharmaceutical pricing data in effect on the day the prescription drug is dispensed:
 - (A) Generic drugs: $((AWP \text{ per unit}) \times (\text{number of units}) \times 1.25) + \4.00 dispensing fee per prescription = reimbursement amount;
 - (B) Brand name drugs: $((AWP \text{ per unit}) \times (\text{number of units}) \times 1.09) + \4.00 dispensing fee per prescription = reimbursement amount;

- (C) When compounding, a single compounding fee of \$15 per prescription shall be added to the calculated total for either paragraph (1)(A) or (B) of this subsection; or
- (2) notwithstanding §133.20(e)(1) of this title (relating to Medical Bill Submission by Health Care Provider), the amount billed to the insurance carrier by the:
- (A) health care provider; or
- (B) pharmacy processing agent only if the health care provider has not previously billed the insurance carrier for the prescription drug and the pharmacy processing agent is billing on behalf of the health care provider.

The compound in dispute was billed by listing each drug included in the compound and calculating the charge for each drug separately as required by 28 Texas Administrative Code §134.502(d)(2). Each ingredient is listed below with its corresponding reimbursement amount as applicable.

Drug	NDC	Generic(G) /Brand(B)	Price /Unit	Units Billed	AWP Formula	Billed Amt	Lesser of AWP and Billed

Compounding Fee	na	na	na	na	\$15.00	\$15.00	\$15.00
						Total	\$726.62

The total reimbursement is therefore \$726.62. This amount is recommended.
