Issues

Is the requestor entitled to reimbursement for ground ambulance services rendered on September 26, 2017?

Findings

1. The requestor is seeking medical fee dispute resolution in the amount of \$5,030.00 for ground ambulance services rendered on September 26, 2017.
2. The respondent denied reimbursement for the disputed services based upon "CAC-29-The time limit for filing has expired."
3. To determine if the disputed services are eligible for reimbursement the DWC refers to the following statute:
 - TLC §408.027(a) states, "A health care provider shall submit a claim for payment to the insurance carrier not later than the 95th day after the date on which the health care services are provided to the injured employee. Failure by the health care provider to timely submit a claim for payment constitutes a forfeiture of the provider's right to reimbursement for that claim for payment."
 - TLC §408.0272(b)(1) states "Notwithstanding Section 408.027, a health care provider who fails to timely submit a claim for payment to the insurance carrier under Section 408.027(a) does not forfeit the provider's right to reimbursement for that claim for payment solely for failure to submit a timely claim if: (1) the provider submits proof satisfactory to the commissioner that the provider, within the period prescribed by Section 408.027(a), erroneously filed for reimbursement with: (A) an insurer that issues a policy of group accident and health insurance under which the injured employee is a covered insured; (B) a health maintenance organization that issues an evidence of coverage under which the injured employee is a covered enrollee; or (C) a workers' compensation insurance carrier other than the insurance carrier liable for the payment of benefits under this title."
 - 28 TAC §133.20(b) states, "Except as provided in Labor Code §408.0272(b), (c) or (d), a health care provider shall not submit a medical bill later than the 95th day after the date the services are provided. In accordance with subsection (c) of the statute, the health care provider shall submit the medical bill to the

correct workers' compensation insurance carrier not later than the 95th day after the date the health care provider is notified of the health care provider's erroneous submission of the medical bill. A health care provider who submits a medical bill to the correct workers' compensation insurance carrier shall include a copy of the original medical bill submitted, a copy of the explanation of benefits (EOB) if available, and sufficient documentation to support why one or more of the exceptions for untimely submission of a medical bill under §408.0272 should be applied. The medical bill submitted by the health care provider to the correct workers' compensation insurance carrier is subject to the billing, review, and dispute processes established by Chapter 133, including §133.307(c)(2)(A) - (H) of this title (relating to MDR of Fee Disputes), which establishes the generally acceptable standards for documentation."

- 28 TAC §102.4(h), states, "Unless the great weight of evidence indicates otherwise, written communications shall be deemed to have been sent on: (1) the date received, if sent by fax, personal delivery or electronic transmission or, (2) the date postmarked if sent by mail via United States Postal Service regular mail, or, if the postmark date is unavailable, the later of the signature date on the written communication or the date it was received minus five days. If the date received minus five days is a Sunday or legal holiday, the date deemed sent shall be the next previous day which is not a Sunday or legal holiday."
4. Both parties to this dispute submitted documentation for consideration in support of their position. The DWC reviewed all the documentation and finds:
- The date of service in dispute is September 26, 2017.
 - The disputed ground ambulance services were denied reimbursement based upon untimely filing claim.
 - The requestor wrote, "[Claimant] is deceased therefore Med Care EMS has to contact the patients place of employment to find out workers compensation information. Med Care EMS contacted patient employeer [sic] [REDACTED] multiple times without any response. Med Care EMS had to certify mail a bill to the patient employee to get a response, certified mail signed by employeer [sic] on 01/26/2018 (copy of certified mail attached). Med Care EMS was notified by Texas Mutual adjuster on 02/01/2018 per adjuster claim would not be denied since Med Care EMS was just being notified of workers compensation."
 - The requestor submitted a bill dated February 6, 2018. This date is beyond the 95 day deadline.
 - TLC §408.0272(b)(1) provides for the exception to timely filing based upon three scenarios noted above.
 - The requestor did not support that the bill was sent to an insurer that meets one of the exceptions for untimely filing.
 - The respondent's denial of payment based upon timely filing is supported.

Conclusion

For the reasons stated above, the DWC finds that the requestor has not established that reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the DWC has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
