REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "CARRIER IS REQUIRED TO PAY DESIGNATED DOCTOR EXAMS."

Amount in Dispute: \$50.00

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "The rule states in relevant part, when multiple impairment ratings are required as a component of the designated doctor examination, the designated doctor shall bill for the number of body areas rated and be reimbursed \$50.00 for each additional impairment rating calculation. Under the facts of this case, Dr. Jackson provided DWC-69's, both of which he opined Claimant had not reached MMI. Therefore, an impairment rating was not calculated."

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.250, effective July 7, 2016, sets the reimbursement guidelines for Maximum Medical Improvement Evaluations and Impairment Rating Examinations.
3. The services in dispute were reduced/denied by the respondent with the following reason code(s):
• 107-Deneid-qualifying svc not paid or identified.

Issues

Is the requestor due reimbursement for code 99456-W5-MI?

Findings

On November 14, 2017, the claimant attended a Designated Doctor evaluation to determine MMI/IR, Return to Work and Extent of Injury. The requestor billed the respondent \$1,825.00 for the evaluation with CPT code 99456-W5-NM, 99456-W6-RE, 99456-W8-RE and 99456-W5-MI. The respondent issued payment of \$1,100.00 based upon the fee guideline. The issue in dispute is whether the requestor is due additional reimbursement of \$50.00 for code 99456-W5-MI.

The respondent contends that additional reimbursement is not due because “The rule states in relevant part, when multiple impairment ratings are required as a component of the designated doctor examination, the designated doctor shall bill for the number of body areas rated and be reimbursed \$50.00 for each additional impairment rating calculation. Under the facts of this case, Dr. Jackson provided DWC-69’s, both of which he opined Claimant had not reached MMI. Therefore, an impairment rating was not calculated.”

28 Texas Administrative Code §134.250(4)(B) states, “When multiple IRs are required as a component of a designated doctor examination under this title, the designated doctor shall bill for the number of body areas rated and be reimbursed \$50 for each additional IR calculation. Modifier "MI" shall be added to the MMI evaluation CPT code.”

A review of the submitted report indicates the claimant had not reached MMI; therefore, an impairment rating was not calculated. The division finds the respondent’s denial of payment is supported.

Conclusion

For the reasons stated above, the Division finds that the requestor has not established that reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
