MEDICAL FEE DISPUTE RESOLUTION FINDINGS AND DECISION

GENERAL INFORMATION

Requestor Name

Memorial Compounding Pharmacy

Respondent Name

Insurance Co of the State of PA

MFDR Tracking Number

M4-18-4454-01

Carrier's Austin Representative

Box Number 19

MFDR Date Received

July 25, 2018

REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "The carrier denied the reconsideration based on lack of preauthorization or preauthorization was absent."

Amount in Dispute: \$583.89

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "The Requestor has not established that the compound medication in question did not contain an "N" drug. The prescribed compound included Meloxicam. The ODG drug formulary contains two different brands of meloxicam. Brand name Mobic is a "Y" drug while brand name Vivlodex is an "N" drug. The Requestor has not provided any documentation to support its claim that the compound drug in question did not contain an "N" drug. The brand name of the dispensed version of meloxicam has not been provided. There is insufficient information to make payment on the Requestor's claim."

Response Submitted by: Ricky D. Green

SUMMARY OF FINDINGS

Dates of Service	Disputed Services	Amount In Dispute	Amount Due
December 22, 2017	Pharmacy Services - Compounds	\$583.89	\$583.89

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.502 sets out the procedures for pharmaceutical benefits.
3. 28 Texas Administrative Code §134.503 sets out the fee guidelines for pharmaceutical services.

4. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
 - 197 – “Precertification/authorization/notification absent”

Issues

1. Did the respondent raise a new issue?
2. Is the carrier’s reason for denial of payment supported?
3. Is the requestor entitled to reimbursement for the compound in question?

Findings

1. The respondent in their position statement states, “The Requestor has not established that the compound medication in question did not contain an “N” drug. The prescribed compound included Meloxicam. The ODG drug formulary contains two different brands of meloxicam. Brand name Mobic is a “Y” drug while brand name Vivlodex is an “N” drug. The Requestor has not provided any documentation to support its claim that the compound drug in question did not contain an “N” drug. The brand name of the dispensed version of Meloxicam has not been provided. There is insufficient information to make payment on the Requestor’s claim.”

Review of the submitted DWC066 found the NDC number listed in box 21 of 38779-2746-01. A NDC search finds this NDC has a description of “Meloxicam 100% powder.” Insufficient evidence was found that the carrier requested information from the provider to support the version of Meloxicam provided.

28 Texas Administrative Code 133.307 (d) states in pertinent part,

Responses. Responses to a request for MFDR shall be legible and submitted to the division and to the requestor in the form and manner prescribed by the division.

(F) The response shall address only those denial reasons presented to the requestor prior to the date the request for MFDR was filed with the division and the other party. Any new denial reasons or defenses raised shall not be considered in the review. If the response includes unresolved issues of compensability, extent of injury, liability, or medical necessity, the request for MFDR will be dismissed in accordance with subsection (f)(3)(B) or (C) of this section.

2. The requestor is seeking reimbursement of \$583.89 for a compound dispensed on December 22, 2017. The carrier denied the disputed compound with claim adjustment reason code 197 – “Precertification/authorization/notification absent.”

For the dates of service in dispute the applicable rule is 28 Texas Administrative Code §134.530(b)(2) which states that preauthorization is **only** required for:

- drugs identified with a status of “N” in the current edition of the *ODG Treatment in Workers’ Comp* (ODG) / Appendix A, *ODG Workers’ Compensation Drug Formulary*, and any updates;
- any compound that contains a drug identified with a status of “N” in the current edition of the *ODG Treatment in Workers’ Comp* (ODG) / Appendix A, *ODG Workers’ Compensation Drug Formulary*, and any updates; and
- any investigational or experimental drug for which there is early, developing scientific or clinical evidence demonstrating the potential efficacy of the treatment, but which is not yet broadly accepted as the prevailing standard of care as defined in Labor Code §413.014(a).

The division finds that the compound rendered on the date of service (based on submitted NDC codes DWC066) in question does not include a drug identified with a status of “N” in the current edition of the ODG, *Appendix A*. Therefore, the division concludes that the compound in question did not require preauthorization and the carrier’s denial of payment for this reason is not supported. Therefore, the disputed compound will be reviewed for reimbursement.

3. 28 Texas Administrative Code §134.503 applies to the compounds in dispute and states, in pertinent part:
 - (c) The insurance carrier shall reimburse the health care provider or pharmacy processing agent for prescription drugs the lesser of:

- (1) the fee established by the following formulas based on the average wholesale price (AWP) as reported by a nationally recognized pharmaceutical price guide or other publication of pharmaceutical pricing data in effect on the day the prescription drug is dispensed:
- (A) Generic drugs: $((\text{AWP per unit}) \times (\text{number of units}) \times 1.25) + \4.00 dispensing fee per prescription = reimbursement amount;
 - (B) Brand name drugs: $((\text{AWP per unit}) \times (\text{number of units}) \times 1.09) + \4.00 dispensing fee per prescription = reimbursement amount;
 - (C) When compounding, a single compounding fee of \$15 per prescription shall be added to the calculated total for either paragraph (1)(A) or (B) of this subsection; or

The compound in dispute was billed by listing each drug by NDC included in the compound and calculating the charge for each drug separately as required by 28 Texas Administrative Code §134.502(d)(2). Each ingredient is listed below with its corresponding reimbursement amount as applicable.

Ingredient	NDC	Price/Unit	Total Units	AWP Formula §134.503(c)(1)	Billed Amt §134.503(c)(2)	Lesser of (c)(1) and (c)(2)
Flurbiprofen	38779036209	\$36.58	6	\$274.35	\$219.48	\$219.48
Meloxicam	38779274601	\$194.67	0.18	\$43.78	\$35.04	\$35.04
Mefenamic Acid	38779066906	\$123.60	1.8	\$278.10	\$222.48	\$222.48
Baclofen	38779038809	\$35.63	3	\$133.61	\$106.89	\$106.89
					Total	\$583.89

The total reimbursement is \$583.89. This amount is recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$583.89.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the division has determined the requestor is entitled to additional reimbursement for the disputed services. The division hereby ORDERS the respondent to remit to the requestor \$583.89, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.
