FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.502 sets out the procedures for pharmaceutical benefits.
3. 28 Texas Administrative Code §134.503 sets out the fee guidelines for pharmaceutical services.
4. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
• 197 - "Precertification/authorization/notification absent"

Issues

1. Is the carrier’s reason for denial of payment supported?
2. Is the requestor entitled to reimbursement for the compound in question?

Findings

1. The requestor is seeking reimbursement of \$90.26 for medication dispensed December 29, 2017. The insurance carrier denied the disputed medication with claim adjustment reason code 197 – “Precertification/authorization/notification absent.”

For the dates of service in dispute the applicable rule is 28 Texas Administrative Code §134.530(b)(2) which states that preauthorization is **only** required for:

- drugs identified with a status of “N” in the current edition of the *ODG Treatment in Workers' Comp (ODG) / Appendix A, ODG Workers' Compensation Drug Formulary*, and any updates;

DWC finds that the medication rendered on the date of service in question is not a drug identified with a status of “N” in the current edition of the ODG, *Appendix A*. Therefore, DWC concludes that the medication in question did not require preauthorization and the insurance carrier’s denial of payment for this reason is not supported. The disputed medication will be reviewed for reimbursement.

2. 28 TAC §134.503 applies to the medication in dispute and states, in pertinent part:

(c) The insurance carrier shall reimburse the health care provider or pharmacy processing agent for prescription drugs the lesser of:

(1) the fee established by the following formulas based on the average wholesale price (AWP) as reported by a nationally recognized pharmaceutical price guide or other publication of pharmaceutical pricing data in effect on the day the prescription drug is dispensed:

(A) Generic drugs: $((AWP \text{ per unit}) \times (\text{number of units}) \times 1.25) + \$4.00 \text{ dispensing fee per prescription} = \text{reimbursement amount}$;

Ingredient	NDC	Price/Unit	Total Units	AWP Formula §134.503(c)(1)	Billed Amt §134.503 (c)(2)	Lesser of (c)(1) and (c)(2)
Cyclobenzaprine	65162054150	\$1.09	30	\$40.95	\$90.26	\$40.95
					\$90.26	\$40.95

The total reimbursement is \$40.95. This amount is recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$40.95.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the division has determined the requestor is entitled to additional reimbursement for the disputed services. The division hereby ORDERS the respondent to remit to the requestor \$40.95, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.
