Respondent's Position Summary: "Respondent contends that it properly processed Requestor's bills for occupational therapy services provided in a hospital setting using physician fees and guidelines."

Response Submitted by: Creative Risk Funding

SUMMARY OF FINDINGS

Table with 4 columns: Dates of Service, Disputed Services, Amount In Dispute, Amount Due. Row 1: April 2 - 17, 2018, 97022, \$41.36, \$41.36

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.403 sets out the reimbursement guidelines for outpatient hospital services.
3. 28 Texas Administrative Code §134.203 sets out the reimbursement guidelines for professional medical services.
4. The insurance carrier reduced payment for the disputed services with the following claim adjustment

codes:

- P12 – Workers compensation jurisdictional fee schedule adjustment
- 59 – Processed based on multiple or concurrent procedure rules

Issues

1. Is the carrier's reduction of payment supported?
2. Is the requestor entitled to additional reimbursement?

Findings

1. The requestor is seeking additional reimbursement for outpatient therapy services performed from April 2 -17, 2018. The carrier reduced the allowed amount as P12 – “Workers’ compensation jurisdictional fee schedule amount” and 59 – “Processed based on multiple or concurrent procedure rules.”

The applicable Division Rule is found in 28 Texas Administrative Code 134.403. The applicable sections are listed below:

(d) For coding, billing, reporting, and reimbursement of health care covered in this section, Texas workers' compensation system participants shall apply Medicare payment policies in effect on the date a service is provided

(f) The reimbursement calculation used for establishing the MAR shall be the Medicare facility specific amount, including outlier payment amounts, determined by applying the most recently adopted and effective Medicare Outpatient Prospective Payment System (OPPS) reimbursement formula and factors as published annually in the Federal Register.

(h) For medical services provided in an outpatient acute care hospital, but not addressed in the Medicare payment policies as outlined in subsections (f)(1) or (f)(2) of this section, and for which Medicare reimburses using other Medicare fee schedules, reimbursement shall be made using the applicable Division Fee Guideline in effect for that service on the date the service was provided.

The OPPS reimbursement formula factors are found at <https://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/HospitalOutpatientPPS/Addendum-A-and-Addendum-B-Updates.html>. The specific factor is the Status Indicators. The status indicator for each of the HCPCS code listed on the DWC060 have an “A” status indicator which is defined as, “Not paid under OPPS. Paid by MACs under a fee schedule or payment system other than OPPS.”

Based on the requirements of 28 Texas Administrative Code 134.403 (h) the applicable Division fee Guideline is found in 28 Texas Administrative Code §134.203.

On April 1st of 2013, Medicare implemented the Medicare Multiple Procedure Payment Reduction (MPPR). The MPPR policy may be found in the CMS Claims Processing Manual 100-04, Chapter 5, section 10.7 found at www.cms.gov. The MPPR policy applies therefore the carrier's reduction does apply and was used in the calculation of the maximum allowable reimbursement shown below.

2. 28 Texas Administrative Code §134.203 (c) To determine the MAR for professional services, system participants shall apply the Medicare payment policies with minimal modifications.

The MAR is calculated by the DWC Conversion Factor/Medicare Conversion Factor multiplied by the Medicare allowable. The calculation is as follows:

- Procedure code 97022, billed April 2, 2018 has a PE of 0.36. The highest for this date and will be paid at the full allowable of \$19.21. $58.31/35.9996 \times \$19.21 = \31.12 .
- Procedure code 97022, billed April 9, 2018 has a PE of 0.36. The highest for this date and will be paid at the full allowable of \$19.21. $58.31/35.9996 \times \$19.21 = \31.12 .
- Procedure code 97022, billed April 16, 2018 has a PE of 0.36. The highest for this date and will be paid at the full allowable of \$19.21. $58.31/35.9996 \times \$19.21 = \31.12 .

- Procedure code 97022, billed April 17, 2018 has a PE of 0.36. The highest for this date and will be paid at the full allowable of \$19.21. $58.31/35.9996 \times \$19.21 = \31.12 .

The total allowable reimbursement for the service in dispute \$124.48. The carrier paid \$41.40. The requestor is seeking \$41.36. This amount is recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$41.36.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the division has determined the requestor is entitled to additional reimbursement for the disputed services. The division hereby ORDERS the respondent to remit to the requestor \$41.36, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.
