FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.240 sets out the procedures for payment or denial of a medical bill.
2. 28 Texas Administrative Code §133.305 sets out the procedures for resolving medical disputes.
3. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
4. 28 Texas Administrative Code §134.502 sets out the procedures for pharmaceutical benefits.
5. 28 Texas Administrative Code §134.503 sets out the fee guidelines for pharmaceutical services.
6. 28 Texas Administrative Code, Chapter 19 sets out the requirements for utilization review.
7. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
   - T216 – Based on the findings of a review organization. Peer Review or RME.

Issues

1. Is this dispute subject to dismissal based on medical necessity?
2. Is Memorial Compounding Pharmacy (Memorial) entitled to reimbursement for the disputed compound?

Findings

1. Memorial is seeking reimbursement for a compound dispensed on January 30, 2018. The insurance carrier denied the disputed compound based on medical necessity as determined by peer review.

   Medical necessity disputes must be resolved prior to submission of a medical fee dispute.[1] The insurance carrier is required to perform a utilization review before a denial based on medical necessity, including giving the health care provider – in this case, Memorial – an opportunity to discuss the treatment in question.[2]

   Dean G. Pappas, PLLC submitted a document on behalf of Lamar CISD, dated May 1, 2017, to support its denial of the disputed compound. The division finds that the submitted document does not support that Hartford performed a utilization review as this document does not contain the following required elements of a utilization review:

   - Sufficient evidence that Memorial was given an opportunity to discuss the compound prior to the insurance carrier's denial based on medical necessity;
   - A description of the appeal process, including immediate independent review for life-threatening conditions; and
   - Notice of the complaint process.[3]

   The division concludes that this dispute is not subject to dismissal based on medical necessity.

2. Because the insurance carrier failed to support its denial of reimbursement, Memorial is entitled to reimbursement in accordance with applicable rules and laws.

   The compound in dispute was billed by listing each drug included in the compound and calculating the charge for each drug separately.[4] Each ingredient is listed below with its reimbursement amount.[5] The calculation of the total allowable amount is as follows:

Drug	NDC	Generic(G) /Brand(B)	Price /Unit	Units Billed	AWP Formula	Billed Amt	Lesser of AWP and Billed
Meloxicam	38779274601	G	$194.67	0.18	$43.80	$35.04	$35.04
Flurbiprofen	38779036209	G	$36.58	4.8	$219.48	$175.58	$175.58
Tramadol	38779237409	G	$36.30	6	$272.25	$217.80	$217.80
Cyclobenzaprine	38779039509	G	$46.33	1.8	$104.25	$83.39	$83.39
Bupivacaine	38779052405	G	$45.60	1.2	$68.40	$54.72	$54.72
						Total	$566.53

3. The total allowable reimbursement for the compound in dispute is $566.53. This amount is recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is $566.53.
