FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §133.240 sets out guidelines for medical claim processing.
3. 28 Texas Administrative Code §134.503 sets out the fee guidelines for pharmacy services.
4. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
- 50 - These are non-covered services because this is not deemed a medical necessity by the payer

Issues

1. Are the insurance carrier's reasons for denial of payment supported?
2. What rule is applicable to reimbursement?
3. Is the requestor entitled to additional reimbursement?

Findings

1. The requestor is seeking \$284.94 for medication dispensed on January 12, 2018. The insurance carrier denied disputed services with claim adjustment reason code 50 – "These are non-covered services because this is not deemed a medical necessity by the payer."

28 TAC §133.240 (q) states,

When denying payment due to an adverse determination under this section, the insurance carrier shall comply with the requirements of §19.2009 of this title (relating to Notice of Determinations Made in Utilization Review). Additionally, in any instance where the insurance carrier is questioning the medical necessity or appropriateness of the health care services, the insurance carrier shall comply with the requirements of §19.2010 of this title (relating to Requirements Prior to Issuing Adverse Determination), including the requirement that prior to issuance of an adverse determination the insurance carrier shall afford the health care provider a reasonable opportunity to discuss the billed health care with a doctor or, in cases of a dental plan or chiropractic services, with a dentist or chiropractor, respectively.

Review of the submitted documentation found insufficient evidence to support the insurance carrier met the provisions of the above stated rule. The denial for medical necessity will not be considered in this dispute.

2. 28 TAC 134.503 (c) states in pertinent part,

The insurance carrier shall reimburse the health care provider or pharmacy processing agent for prescription drugs the lesser of:

(1) the fee established by the following formulas based on the average wholesale price (AWP) as reported by a nationally recognized pharmaceutical price guide or other publication of pharmaceutical pricing data in effect on the day the prescription drug is dispensed:

(A) Generic drugs: $((\text{AWP per unit}) \times (\text{number of units}) \times 1.25) + \4.00 dispensing fee per prescription = reimbursement amount;

(B) Brand name drugs: $((\text{AWP per unit}) \times (\text{number of units}) \times 1.09) + \4.00 dispensing fee per prescription = reimbursement amount;

(C) When compounding, a single compounding fee of \$15 per prescription shall be added to the calculated total for either paragraph (1)(A) or (B) of this subsection

The fee schedule amount for the medication in dispute is, $\$7.58 \times 125\% \times 30 = \284.94

3. The allowed amount for the service in dispute is \$284.94. This amount is recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$284.94.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the division has determined the requestor is entitled to additional reimbursement for the disputed services. The division hereby ORDERS the respondent to remit to the requestor \$284.94, plus applicable accrued interest per 28 Texas Administrative Code §134.130 due within 30 days of receipt of this order.
