#### REQUESTOR'S POSITION SUMMARY

**Requestor's Position Summary:** "The patient required anesthesia for this procedure and if the treating physician was granted authorization and approval then our claim would be covered under the same. We have the utmost confidence that this claim will reprocess in the best interest of the patient."

**Amount in Dispute:** \$1,700.00

#### RESPONDENT'S POSITION SUMMARY

**Respondent's Position Summary:** "Texas Mutual claim... is in the Texas Star Network. (Attachment) Texas Mutual reviewed its online Texas Star Network provider directory for the requestor's name and for its tax identification number, and found no evidence ALLEN ANESTHESIA ASSC is a participant in that Network... Further, Texas Mutual has no evidence the requestor, a non-network provider, received out of network approval to provide the service or treatment... Because the fee reimbursement dispute involves a Network requirement under the Insurance Code and not the Labor Code, Texas Mutual argues DWC MDR has no jurisdiction in this matter."

**Response Submitted by:** Texas Mutual Insurance Company

#### FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all-applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

**Background**

1. 28 Texas Administrative Code §133.307, sets out the procedures for resolving medical fee disputes
2. 28 Texas Insurance Code Chapter 1305 applicable to Health Care Certified Networks.
3. 28 Texas Administrative Code §§10.120 through 10.122 address the submission of a complaint by a health care provider to the Health Care Network.

**Issues**

1. Did the Requestor obtain an out-of-network referral from the injured employee's treating doctor that was approved by the network pursuant to Section 1305.103?
2. Is this dispute eligible for medical fee dispute resolution pursuant to 28 Texas Administrative Code §133.307?

**Findings**

1. The requestor filed this medical fee dispute to the Division asking for resolution pursuant to 28 Texas Administrative Code (TAC) §133.307 titled *MDR of Fee Disputes*. The authority of the Division of Workers' Compensation is to apply Texas Labor Code statutes and rules, including 28 TAC §133.307, is limited to the conditions outlined in the applicable portions of the Texas Insurance Code (TIC), Chapter 1305. TIC §1305.153 (c) provides that "Out-of-network providers who provide care as described by Section 1305.006 shall be reimbursed as provided by the Texas Workers' Compensation Act and applicable rules of the commissioner of workers' compensation."

Texas Insurance Code Section 1305.006 states, in pertinent part, "(3) health care provided by an out-of-network provider pursuant to a referral from the injured employee's treating doctor that has been approved by the network pursuant to Section 1305.103."

The requestor therefore has the burden to prove that the condition(s) outlined in the Texas Insurance Code §1305.006 were met to be eligible for dispute resolution. The following are the Division's findings.

Texas Insurance Code Section 1305.103 requires that "(e) A treating doctor shall provide health care to the employee for the employee's compensable injury and shall make referrals to other network providers, or request referrals to out-of-network providers if medically necessary services are not available within the network. Referrals to out-of-network providers must be approved by the network. The network shall approve a referral to an out-of-network provider not later than the seventh day after the date on which the referral is requested, or sooner if circumstances and the condition of the employee require expedited approval. If the network denies the referral request, the employee may appeal the decision through the network's complaint process under Subchapter I."

The requestor submitted a copy of an out-of-network referral addressed to Dr. Brian Snow, however the requestor did not submit sufficient documentation to support that an out-of-network referral was obtained for Allen Anesthesia Assoc.

2. The requestor has the burden to prove that it obtained the appropriate approved out-of-network referral for the out-of-network healthcare it provided. Review of the submitted documentation finds that the requestor submitted insufficient documentation and/or no documentation to support that a referral was obtained from the treating doctor and approved by the network to treat the injured employee. The Division concludes that the requestor thereby has failed to meet the requirements of Texas Insurance Code Section 1305.103.

The Division finds that the requestor failed to prove in this case that that the requirements of Texas Insurance Code Section 1305.006(3) were met. Consequently, the services in dispute are not eligible for medical fee dispute resolution pursuant to 28 Texas Administrative Code §133.307.

***FINDINGS***

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is not eligible for Medical Fee Dispute Resolution under 28 Texas Administrative Code §133.307.
